Pimsleur Spanish Unofficial Guide Robertson Kunz,2013-02-23 By itself Pimsleur lacks the personal touch and proper techniques to keep a learner actively engaged and learning efficiently Don t waste any more time and money with classes textbooks audio courses computer programs and other materials until you have read this Coming from 10 years of experience and having already shown thousands of language learners the right way to learn languages Robertson Kunz has simplified language learning into a fascinating efficient method that will astound readers In this book Robertson explains that mainstream hundred dollar programs are not completely useless but that if you want to truly gain useful language capabilities you need to incorporate them into a more personalized plan Robertson wrote this book to stop others from making the same mistakes he did when he started to learn languages and was dumbfounded by the lack of attention to detail and generic techniques used by big name companies You won t find any ridiculous ideas here like subliminal learning while you sleep Everything here has been tested by thousands of everyday people learning a language and is from real world experience Kunz personally invested 10 years of his life during his travels and thousands of dollars on learning the best most efficient way to learn languages Many people spend thousands of dollars or more on audio programs textbooks classes and other language learning materials What if this book saved you from wasting money on even one of those A lot of people start out learning a language and then give up somewhere in the middle never reaching fluency and wasting all the energy time and money they spent Make sure you are not one of those people and invest today to discover what really works and how you can get to fluency quickly and efficiently Castilian Spanish Booklet Pimsleur Language Program Staff,2012-03-15 The Publishers Weekly ,2004
