Music Appreciation with the Victrola for Children Victor Talking Machine Company, 1923 Our former book Music appreciation for little children was designed to present music to children of the first three grades but it has seemed wise to incorporate into one volume the entire work for the elementary schools Foreword signed Francis Elliott Clark

A Prosody of Free Verse Richard Andrews, 2016-07-15 There is to date no comprehensive account of the rhythms of free verse The main purpose of A Prosody of Free Verse explorations in rhythm is to fill that gap and begin to provide a systematic approach to describing and analyzing free verse rhythms Most studies have declared the attempt to write such a prosody as impossible they prefer to see free verse as an aberrant version of regular metrical verse They also believe that behind free verse is the ghost of metre Running against that current A Prosody of Free Verse bases its new system on additive rhythms that do not fit conventional time signatures Inspiration is taken from jazz contemporary music and dance not only in their systems of notation but in performance The book argues that twentieth and twenty first century rhythms in poetry as based on the line rather than the metrical foot as the unit of rhythm and that larger rhythmic structures fall into verse paragraphs rather than stanzas

The Rhetoric of Topics and Forms Gianna Zocco, 2021-01-18 The fourth volume of the collected papers of the ICLA congress The Many Languages of Comparative Literature includes articles that study thematic and formal elements of literary texts Although the question of prioritizing either the level of content or that of form has often provoked controversies most contributions here treat them as internally connected While theoretical considerations inform many of the readings the main interest of most articles can be described as rhetorical in the widest sense given that the ancient discipline of rhetoric

did not only include the study of rhetorical figures and tropes such as metaphor irony or satire but also that of topoi which were originally viewed as the places where certain arguments could be found but later came to represent the arguments or intellectual themes themselves Another feature shared by most of the articles is the tendency of undeclared thematology which not only reflects the persistence of the charge of positivism but also shows that most scholars prefer to locate themselves within more specific often interdisciplinary fields of literary study In this sense this volume does not only prove the ongoing relevance of traditional fields such as rhetoric and thematology but provides contributions to currently flourishing research areas among them literary multilingualism literature and emotions and ecocriticism

At Nightfall and Midnight Francis Jacox, 1873 *Plain Pulpit Talk* Thomas Cooper (the Chartist.), 1872 *Ministry of Music in Religion* Isham E. Reynolds, 1929 *What We Hear in Music* Anne Shaw Faulkner, 1924 **Oriental Diction and Theme in English Verse, 1740-1840** Edna Pearle Osborne Whitcomb, 1922 **The Musical Leader**, 1929 **Studies in Musical Education, History, and Aesthetics** Music Teachers National Association, 1918 **The Message in the Music**, 2010-12-01 The definitive guide to the meaning of today's most popular praise and worship songs Few things influence Christians understanding of the faith more than the songs they sing in worship The explosion of praise and worship music in the last fifteen years has profoundly affected our experience of God So what are those songs telling us about who God is In what ways have they made us more faithful disciples of Jesus Christ In what ways have they failed to embody the full message of the gospel Working with the lists of the most frequently sung praise and worship songs from recent years the authors of this book offer an objective but supportive assessment of the meaning and contribution of the Christian music that has been so important in the lives of contemporary believers

Musical Courier and Review of Recorded Music, 1916 Volume of Proceedings of the Music Teachers' National Association ... Music Teachers National Association, 1918 **Papers and Proceedings of the Music Teachers' National Association** Music Teachers National Association, 1918 *Musical News*, 1898 **Vaughan Williams and His World** Byron Adams, Daniel M. Grimley, 2024-05-31 A biography of Ralph Vaughan Williams published in collaboration with the Bard Music Festival Ralph Vaughan Williams 1872-1958 was one of the most innovative and creative figures in twentieth century music whose symphonies stand alongside those of Sibelius Nielsen Shostakovich and Roussel After his death shifting priorities in the music world led to a period of critical neglect What could not have been foreseen is that by the second decade of the twenty first century a handful of Vaughan Williams's scores would attain immense popularity worldwide Yet the present renown of these pieces has led to misapprehension about the nature of Vaughan Williams's cultural nationalism and a distorted view of his international cultural and musical significance Vaughan Williams and His World traces the composer's stylistic and aesthetic development in a broadly chronological fashion reappraising Vaughan Williams's music composed during and after the Second World War and affirming his status as an artist whose leftist political convictions pervaded his life and music This volume reclaims Vaughan Williams's deeply held

progressive ethical and democratic convictions while celebrating his achievements as a composer
