of an African Giant Dan Mou, 2015-10-16 The performance of Nigeria has recently been vehemently criticized as not commensurate with her human and material potentialities The hope that Nigeria is by destiny the African Giant appears to be fading Some analysts seeing this have blamed it on the character defects of the leadership in Nigeria They argue that because the leaders are predatory and corrupt they have preoccupied themselves with their interests which are primitive accumulation and luxurious lifestyles Meanwhile the rest of the citizens are suffering This book argues that such character defects may indeed exist in some of Nigerian leaders However these are not the main reasons for their dismal performance regarding the welfare of the citizens The main problem is that Nigerian leaders seem to have largely lost control over the state and its policies which appear to have been captured by the dominant classes and groups local and international Nigeria's main problem is therefore a structural one Nonetheless the book concludes as the security economic political and social crises intensify Nigerian leaders even if it is simply for self-preservation will be forced by the objective conditions to move against the interests of these dominant classes and groups It is only then that Nigeria can realistically be restored to the possibility of becoming an African Giant It's Not about You Rebecca Florence Osaigbovo, 2010-05 It can hurt to hear someone tell it

like it is But sometimes you need to get the truth straight up And the truth is that it's not about you it's about God Maybe you have relied on your own strength for far too long You haven't been able to count on other people so you just do your own thing But God has bigger plans for you God wants to use you to change the world Rebecca Osaigbovo conference speaker and author of *Chosen Vessels* shows how black women can stand up to Satan's lies and face tough problems not in your own strength but by finding God's strength in the midst of your weaknesses She says this to women who want to be the keys to change in their homes churches and communities If you want things to be different then stop going your own way and follow God's lead Lean not on your own understanding and he'll make your paths straight **The Power of Submission** Kim V.E.

made us free moral agents giving us the power of choice between good and evil If He had wanted us to do what He says automatically He would have made us as robots or puppets with no ability to think or act for ourselves The world would have been a grand show of puppets and the puppet master However He wanted us to be in His image hence He gave us part of His essence the power of choice While we have the power to make the choices we want unfortunately we do not have total control of the consequences The consequences of your decisions or indecisions usually have a cascading effect Besides the direct impact on you the consequences could affect your children your spouse your extended family your community and ultimately your relationship with God In the same vein some of the ills we suffer today could have been caused by wrong decisions taken by our parents From contemporary and biblical examples we can see that the decisions of yesterday impact today and today's decisions will impact tomorrow And apart from breathing we do nothing more in our lives than make decisions these cannot be left to chance This book is a revelation that will restore refresh revive and renew anyone who cares to pay attention God bless you
