The Best Country to Give Birth? Linda Bryder, 2023-11-09 In 2012 following his investigation of the deaths of two babies in childbirth at Waikato Hospital Hamilton coroner Gordon Matenga asked Does New Zealand have the safe world leading system the Government says we do or are we losing babies because the balance has swung too far towards the idea that because childbirth is natural then the philosophy of non intervention is best Babies deaths reignite maternity row the New Zealand Herald announced from the introduction by Linda Bryder Is New Zealand the best country to give birth Historian of medicine Linda Bryder explores how New Zealand developed a unique approach to the role of midwives in childbirth in the 1990s and analyses the consequences of that change for mothers and babies The Best Country to Give Birth traces the genesis of the 1990 Nurses Amendment Act which allowed midwives to practise alone in the community back to the homebirth movement of the 1970s and explores the aftermath of the Act including the withdrawal of GPs from maternity care In investigating the consequences of the reforms it uncovers repeated criticism of services and what were deemed preventable deaths from coroners commissioners for health and disability other health professionals including some midwives academic researchers and parents and families How and why does maternity care in Aotearoa differ from other countries How has it shaped the equitable care of our mothers and babies Why have critical reports had so little impact This is a major historical account of an issue at the heart of our maternity care

Lovie Lisa Yarger, 2016-10-13 From 1950 to 2001 Lovie Beard Shelton practiced midwifery in eastern North Carolina homes delivering some 4 000 babies to black white Mennonite and hippie women to those too poor to afford a hospital birth and to a few rich enough to have any kind of delivery they pleased Her life which was about giving life was conspicuously marked by loss including the untimely death of her husband and the murder of her son Lovie is a provocative chronicle of Shelton's life and work which spanned enormous changes in midwifery and in the ways women give birth In this artful

exploration of documentary fieldwork Lisa Yarger confronts the choices involved in producing an authentic portrait of a woman who is at once loner and self styled folk hero Fully embracing the difficulties of telling a true story Yarger is able to get at the story of telling the story As Lovie describes her calling we meet a woman who sees herself working in partnership with God and who must wrestle with the question of what happens when a woman who has devoted her life to service to doing God s work ages out of usefulness When I m no longer a midwife who am I Facing retirement and a host of health issues Lovie attempts to fit together the jagged pieces of her life as she prepares for one final home birth
