Hale, 2005-11-04 *The Novel An Anthology of Criticism and Theory 1900-2000* is a collection of the most influential writings on the theory of the novel from the twentieth century Traces the rise of novel theory and the extension of its influence into other disciplines especially social cultural and political theory Broad in scope including sections on formalism the Chicago School structuralism and narratology deconstruction psychoanalysis Marxism social discourse gender post colonialism and more Includes whole essays or chapters wherever possible Headnotes introduce and link each piece enabling readers to draw connections between different schools of thought Encourages students to

approach theoretical texts with confidence applying the same skills they bring to literary texts Includes a volume introduction a selected bibliography an index of topics and short author biographies to support study , **Narratology in the Age of Cross-Disciplinary Narrative Research** Sandra Heinen,Roy Sommer,2009-09-04 Narrative Research once the domain of structuralist literary theory has over the last 15 years developed into an international and interdisciplinary field It is now commonly agreed that storytelling functions as a fundamental cognitive tool for sense making and meaning production and that human beings structure and communicate lived experience through oral written and visual stories Entitled *Narratology in the Age of Cross Disciplinary Narrative Research* this volume collects fifteen essays which look at narrative and narrativity from various perspectives including literary studies and hermeneutics cognitive theory and creativity research metaphor studies film theory and intermediality as well as memory studies musicology theology and psychology The topics touch on a wide range of issues such as the current state of narratology and its potential for development narrativity in visual and auditive art forms the cultural functions of narrative and the role of narrative concepts across the disciplines The volume introduces interested newcomers to the ongoing debate reflecting the diversity of research questions and methodological approaches involved It takes a critical yet cautiously optimistic stance with regard to the potential for interdisciplinary collaboration between narrative researchers and invites experienced readers from any discipline interested in narrative to join this important debate which promotes the exchange of ideas concepts and methods between the humanities and the social sciences *Handbook of Intermediality* Gabriele Rippl,2015-07-24 This handbook offers students and researchers compact orientation in their study of intermedial phenomena in Anglophone literary texts and cultures by introducing them to current academic debates theoretical concepts and methodologies By combining theory with text analysis and contextual anchoring it introduces students and scholars alike to a vast field of research which encompasses concepts such as intermediality multi and plurimediality intermedial reference transmediality ekphrasis as well as related concepts such as visual culture remediation adaptation and multimodality which are all discussed in connection with literary examples Hence each of the 30 contributions spans both a theoretical approach and concrete analysis of literary texts from different centuries and different Anglophone cultures **Analysing Historical Narratives** Stefan Berger,Nicola Brauch,Chris Lorenz,2021-05-14 For all of the recent debates over the methods and theoretical underpinnings of the historical profession scholars and laypeople alike still frequently think of history in terms of storytelling Accordingly historians and theorists have devoted much attention to how historical narratives work illuminating the ways they can bind together events shape an argument and lend support to ideology From ancient Greece to modern day bestsellers the studies gathered here offer a wide ranging analysis of the textual strategies used by historians They show how in spite of the pursuit of truth and objectivity the ways in which historians tell their stories are inevitably conditioned by their discursive contexts **The Cambridge Introduction to Narrative** H. Porter Abbott,2020-12-03 Helps readers understand what narrative is how it is constructed

and how it changes when the medium changes **Narrative and History** Alun Munslow, 2018-09-19 Based on the assumption that reality reference and representation work together this introductory textbook explains and illustrates the various ways in which historians write the past as history For the first time the full range of leading narrative theorists such as Paul Ricoeur Hayden White Frank Ankersmit Seymour Chatman and Gérard Genette have been brought together to explain the narrative making choices all author historians make when creating historical explanations Combining theory with practice Alun Munslow expands the boundaries of the discipline and charts a new role for unconventional historical forms and modes of expression Clear but comprehensive this is an ideal resource for undergraduate and postgraduate students taking courses on history and theory history and method and historiography
