There are two levels of flip booklets. The beginning level includes 5 simple words with larger print. The more advanced level features nine slightly more complex words. Each mini booklet is on a single piece of paper for ease of use. The students cut out small cards and staple them to another that forms the back to create a booklet in which the cards are flipped up to create a new word each time. For example, for the pre book, the students read precaution. They flip up the word caution to reveal the word historic while the prefix pre remains. They then read prehistoric. This continues with predetermine, preschool, preview, pretest, preshrunk, and others to give them a total of nine different words, all formed using the prefix pre. Each page also includes a definition of the prefix or suffix. The prefix pre means before, earlier, or in front of. In this way, the students can actually see how a word changes by placing a prefix in front.

or a suffix behind As they flip through the nine words in each booklet they internalize the meaning This sure beats fill in the blank worksheets The following prefixes are covered in this book anti bi dis hydro hyper in inter mis pre re sub tri un and under The following suffixes are also included ful less ly ment ness ship and y
