More Than Two A Practical Guide To Ethical Polyamory:

More Than Two Franklin Veaux, Eve Rickert, Janet W. Hardy, 2014 From Ancient Greece through the many dynasties of China to current practices of non monogamy people have openly engaged in multiple intimate relationships Not until the late 20th century however was a word coined that encapsulated the practice as well as its philosophies edicts and ethics polyamory poly many amore love For Franklin Veaux who has been polyamorous for his entire adult life the emerging framework and subsequent vocabulary for his lifestyle was a light in the dark Candidly sharing his experiences and thoughts online catapulted his website morethantwo com among the first dedicated to the poly lifestyle to one of the top ranking on the subject In recent years as more people have discovered polyamory as a legitimate and desirable option for how they conduct their relationships Franklin and one of his partners Eve Rickert saw that there was a growing need for a comprehensive guide to the lifestyle More Than Two is that guide This wide ranging resource explores the often complex world of living polyamorously the nuances no this isn't swinging the relationship options do you suit a V an N an open network the myths don't count on wild orgies and endless sex but don't rule them out either and the expectations communication transparency and trust are paramount More Than Two is entirely without judgment and peppered with a good dose of humor In it the authors share not only their hard won philosophies about polyamory but also their hurts and embarrassments Living poly is not always an easy road and they hope that by reading this book you'll avoid some of the mistakes they've made along the way Challenging the notion of what society considers a healthy and successful relationship they offer up personal stories from their own lives as well as of those in the wider poly world emphasizing that this lifestyle choice isn't for the noncommittal Polyamory is all about the relationships and the individuals participating Charting a Relationship Bill of Rights the authors underscore the importance of engaging in ethical polyamory and guide readers through the thorny issues of jealousy and insecurity with the aim of encouraging readers to work consistently and conscientiously on both their relationships and themselves And no they're not trying to convert you they know that polyamory isn't for everyone Veaux and Rickert simply provide those who might be embarking on this lifestyle or those who have always known they are poly with a set of tools and many questions to help them make informed decisions and set them on a path to enjoying multiple happy strong enriching relationships Amazon.com
