Richard M.S. Wilson,Ralph W. Adler,2013-09-13 The increasing pace of global conformance towards the adoption of
International Financial Reporting Standards IFRS highlights the need for accounting students as well as accounting
practitioners to be conversant with IFRS Teaching IFRS offers expert descriptions of and insights into the IFRS convergence
process from a teaching and learning perspective Hence this book is both timely and likely to have considerable impact in
providing guidance for those who teach financial reporting around the world The contents of the book come from
authoritative sources and offer something distinctive to complement the existing textbooks which typically focus on the
technical aspects of IFRS and their adoption Drawing upon the experiences of those who have sought to introduce IFRS
related classroom innovations and the associated student outcomes achieved therefrom the book offers suggestions about
how to design and deliver courses dealing with IFRS and catalogues extensive listings of IFRS related teaching resources to
support those courses This book was originally published as a special issue of Accounting Education An international journal
