The Practice of Shared Responsibility in International Law André Nollkaemper, Ilias Plakokefalos, Jessica N. M. Schechinger, Jann K. Kleffner, 2017 This book reviews the practice of shared responsibility in multiple issue areas of international law to assess its application and development

Distribution of Responsibilities in International Law André Nollkaemper, Dov Jacobs, 2015-09-18 This is the second book in the series Shared Responsibility in International Law which examines the problem of distribution of responsibilities among multiple states and other actors In its work on the responsibility of states and international organisations the International Law Commission recognised that attribution of acts to one actor does not exclude possible attribution of the same act to another state or organisation However it provided limited guidance for the often complex question of how responsibility is to be distributed among wrongdoing actors This study fills that gap by shedding light on principles of distribution from extra legal perspectives Drawing on disciplines such as political theory moral philosophy and economics this volume enquires into the bases and justifications for apportionment of responsibilities that can support a critique of current international law offers insight into the justification of alternative interpretations and provides inspiration for reform and further development of international law
