Proceedings of the XIII International Symposium SymOrg 2012: Innovative Management and Business Performance, 2012-06-03. Budgeting Practice and Organisational Structure David Dugdale, Stephen Lyne, 2010-01-18. Budgeting is at the heart of the performance management process for most companies. However, some argue that many companies today are dissatisfied with budgeting. It is seen to be costly and time consuming, it inhibits action and causes organisational problems. The influence of the Beyond Budgeting model has caused many major companies, including Toyota, to abandon traditional budgeting altogether. Should other companies follow suit? Budgeting Practice and Organisational Structure explores the changes in budgeting through a survey of financial and non-financial managers. Concerns include: The attitudes of managers towards budgeting models. How budgetary practices have changed. What problems budgeting can cause. The effects of
