Lesnik-Oberstein, 2015-06-03 Drawing from work in a wide range of fields this book presents novel approaches to key debates in thinking about and defining disability Differing from other works in Critical Disability Studies it crucially demonstrates the consequences of radically rethinking the roles of language and perspective in constructing identities *Rethinking*

Disability Patrick Devlieger, Beatriz Miranda-Galarza, Steven E. Brown, Megan Strickfaden, 2016-06-15 The act of life is a lived experience common and unique that ties each of us to every other lived experience The fact of disability does not alter this fundamental truth In this edition of *Rethinking Disability World Perspectives in Culture and Society* we are presented with a system of thinking that considers the values of disability as a resource as a creative source of culture that moves disability out of the realm of victimized people and insurmountable barriers and provides opportunities to use the experience of disability to enter into networks that recognize strengths of differing abilities The authors within will intrigue you will move you will charm you but always will challenge your notion of sameness and difference as they confront the construct and deconstruct of disability and ableism They present compelling arguments for viewing disABILITY through the multiple lenses of disability culture They explore themes and issues that transcend past and origins time and place nuances of genetics to experiences of present and becoming and towards the future and beyond mere human yet always intrinsically connected to being human This book is intended for all audiences who dare to confront difference and sameness within themselves and in connection with others to inspire researchers who wish to explore and examine disability across social cultural and economic barriers It is an invitation to push away the barriers bring ableism inside to a place where the prosthesis is no longer the elephant in the room *Disability Studies and the Inclusive Classroom* Susan Baglieri, 2017-04-21 *Disability Studies and the Inclusive Classroom* is a core textbook that integrates knowledge and practice from the fields of disability studies and special education The second edition has been fully revised and updated throughout to include stronger connections between race class sexual orientation gender and disability to emphasize intersecting identities and experiences stronger emphasis on

curriculum and teaching rather than on attitudes toward disability and updates to current events cultural references resources research literature laws and policies

Building Community to Create Equitable, Inclusive and Compassionate Schools through Relational Approaches Joan G Mowat, 2022-11-30 This book draws on an extensive international literature and policy context from a wide range of fields of enquiry to challenge the orthodoxies and systemic issues that serve to marginalise children and young people and lead the way for schools to become more equitable inclusive and compassionate in their practice With a particular focus on children with social emotional and behavioural mental health needs it critiques policy and practice as they pertain to behaviour management and school discipline in the UK and the USA and offers alternative perspectives based on collaborative and relational approaches to promoting positive behaviour and building community Each chapter features reflection points to provoke discussion as well as offering additional suggested reading culminating in a discussion of the role of school leaders in leading for social justice Ultimately this book will be of benefit to scholars researchers and students working in the fields of behaviour management inclusion and special needs education and education policy and politics more broadly It will also offer substantial appeal to education professionals school leaders and those with a locus on the mental health and wellbeing of children and young people

Disability Studies and the Inclusive Classroom Susan Baglieri, 2012-05-04 This book's mission is to integrate knowledge and practice from the fields of disability studies and special education Parts I II focus on the broad foundational topics that comprise disability studies culture language and history and Parts III IV move into practical topics curriculum co teaching collaboration classroom organization disability specific teaching strategies etc associated with inclusive education This organization conforms to the belief that least restrictive environments the goal of inclusive education necessarily emerges from least restrictive attitudes the goal of disability studies Discussions throughout the book attempt to illustrate the intersection of theory and practice

Rethinking Disability Theory and Practice K. Lesnik-Oberstein, 2014-01-14 Drawing from work in a wide range of fields this book presents novel approaches to key debates in thinking about and defining disability Differing from other works in Critical Disability Studies it crucially demonstrates the consequences of radically rethinking the roles of language and perspective in constructing identities

Rethinking Normalcy Rod Michalko, Tanya Titchkosky, 2009

Rethinking Disability and Human Rights Inger Marie Lid, Edward Steinfeld, Michael Rembis, 2023-06-16 This book examines the role of disability in the right to political and social participation an act of citizenship that many disabled people do not enjoy The disability rights movement does not accept the use of disability to create limits on citizenship which poses challenges for contemporary societies that will become ever greater as the science and technology of enhancing human abilities evolves Comprised of eight chapters three interludes and a postscript written by leading scholars and disability rights activists the book explores citizenship for people with disabilities from an interdisciplinary perspective using the United Nations Convention on the Rights of Persons with Disabilities CRPD as a point of departure and the concept of

universal design as a strategy for actualizing full citizenship for all Situating disability in its historical and cultural contexts the authors offer directions for rethinking citizenship including implications for access to the built environment information and communication systems education work community life and politics This book will be of interest to all scholars and students working in disability studies planning architecture public health rehabilitation social work and education

Physical and Medical Conditions Associated with Autism Martina Micai,Mila Vulchanova,Valentina Riva ,David Saldaña,2024-07-02 Some specific physical and medical conditions are well recognized to be more common in autistic individuals compared to the general population e g sleep wake disorders epilepsy sensory impairments However the prevalence and the impact on autistic individuals and their families of other physical and medical conditions such as cardiovascular conditions cancer musculoskeletal conditions food intolerance allergies autoimmune problems diabetes and neurocutaneous disorders have yet to be established The presence of such co occurring conditions affects the success of treatment and worsens the quality of life of autistic individuals and their carers Importantly the awareness of the presence of specific physical and medical conditions associated with autism allows for targeted interventions and better outcomes

Disability Studies and the Inclusive Classroom Arthur Shapiro, *Inaccessible Access* Kelly Fagan Robinson,Mark T. Carew,Nora Ellen Groce,2024-11-15 *Inaccessible Access* ethnographically addresses barriers to inclusion within knowledge making It focuses on the social environmental communicative and epistemological barriers that people with disabilities confront and embody throughout the course of their learning and living and in the specific context of their higher education institutions and in research It is presented by a neurodiverse disabled and non cis cohort of authors all of whom acknowledge a continuum of in access that is available to each contributor contingent on their inherent intersectionalities and alterities The authors and editors of this book foreground the work that has yet to be done on recognizing the value of nonnormative ways of approaching being in and knowing research and higher education particularly in cases where disability centered epistemologies are sidelined in confrontation with institutional norms even within existing discourses concerning equality and alterity *Disability and Qualitative Inquiry* Professor Ronald J Berger,Dr Laura S Lorenz,2015-10-28 This groundbreaking text makes an intervention on behalf of disability studies into the broad field of qualitative inquiry Ronald Berger and Laura Lorenz introduce readers to a range of issues involved in doing qualitative research on disabilities by bringing together a collection of scholarly work that supplements their own contributions and covers a variety of qualitative methods participant observation interviewing and interview coding focus groups autoethnography life history narrative analysis content analysis and participatory visual methods **Disability and Qualitative Inquiry** ,2015
