Dutch Accelerator Language Learning, 2020-11-22 My Story This summer I started learning Dutch. I bought myself a flashcards starter, a picture dictionary, and a beginner's book. I have to admit that after two weeks of using them, I gave them away for free to my friends and I let them suffer from that poor selection of language education. What was the reason for my decision? Well, I was starting from scratch. I knew nothing about the Dutch language. Products I bought despite being for beginners were teaching me complete nonsense. Across many flashcards, I immediately have thrown away, there were words like hooked nose or city council. What is the use for them for such a beginner like me? I couldn't say a sentence, but I was able to name all the body parts and seasons. What's the point? I decided to change that, so I have created a list of words I need to memorize to be able to read and understand at least half of the text in my video game magazine. I only needed 50 most frequent words and some knowledge of English to figure out what's going on in the text. By learning the right vocabulary, I only needed 50 words to understand half of the text instead of two sets of flashcards, 500 words each. Try for yourself and let me know what you think. Frequency study. There are many words that you use way more often than others, which makes them more valuable to know. Therefore, the simplest way to make a progress in your target language is to learn the right vocabulary. How many words? 250 enough to go on holidays, 1000 covers 85% of speech, 3000 98% of the spoken language. As you see, the key is to learn the right words. What's Inside? I selected the most frequently used words to give you the basics you need to understand the language. There are more than 300 words grouped into categories. Some words are also used in example sentences to help you understand the context. **Teach Yourself Beginner's Dutch** Gerdi Quist, Dennis Strik, 2003-09 Dutch is the name of the official language spoken in the Netherlands and in the Dutch speaking northern part of Belgium, Flanders. The course will also offer you an insight into Dutch culture. The book consists of 13 graded units and a
