Susan Rowland

Jung A Feminist Revision By Susan Rowland Librarything:

C. G. Jung in the Humanities Susan Rowland, 2019-09-23 This book demonstrates for the first time the significance of Jung's work to the humanities and to those areas where the humanities and sciences share borders. More radically, it shows that Jung was a writer of myth, alchemy, narrative and poetics as well as on them. Jung's core concepts are introduced; their ongoing relevance is championed. The book also addresses Jung's sometimes questionable judgment on politics and gender and previews contemporary extensions of Jungian theory. By privileging the creative psyche and exploring the connections between individual, natural environment and social psychological collective, Jung anticipates the new holism, offering the promise of reconciling the sciences with the arts, humanity with nature.

Jung Susan Rowland, 2002 *Jung A Feminist Revision* explores the relationship between feminist theory and Jungian studies. It combines an original, student-friendly introduction to Jung, his life and work, his treatment of gender and the range of post-Jungian gender theory with new research linking Jung to deconstruction, post-Freudian feminism, postmodernism, the sublime and the postmodern body. Feminism has neglected Jung to its own detriment. While evaluating the reasons for this neglect, *Jung A Feminist Revision* uses the diversity of feminist critical tools from historical analysis to poststructuralism. In a fresh and illuminating study, this book provides both a critique of Jung and demonstrates his positive potential for future feminisms. New theories are explored which develop relationships between the work of Jung and Jacques Lacan, Luce Irigaray, Hélène Cixous, Julia Kristeva and Judith Butler. Particular attention is paid to the growth of post-Jungian studies of gender. This includes a cogent study of the tradition of Jungian feminism that looks to the feminine principle and narratives of goddesses. Jungian goddess feminism's enduring appeal is re-examined in the context of postmodern rethinking of subjectivity and gender. The book proposes a re-orientation of Jungian studies in its relationship to feminism. The result is an accessible text that introduces Jung and sets out his relevance to contemporary feminisms. This book will be essential reading for undergraduates and postgraduates studying feminist theory, psychoanalytical theory, literature and psychology.

C.G. Jung and Literary Theory S. Rowland, 1999-04-26 *C.G. Jung and Literary Theory* remedies a significant omission in literary studies by doing for Jung and poststructuralist literary theories what has been achieved for Freud and Lacan. Offering radically new Jungian theories of deconstruction, feminism, the body, sexuality, spirituality, postcolonialism, reader response, the book also investigates the controversial occult and fascist heritage of Jung. By using the work of Derrida, Kristeva and Irigaray and examining Jungian fiction, this book transforms modern literary theory in ways which simultaneously critique Jung's work.

Jung as a Writer Susan Rowland, 2005 *Jung as a Writer* traces a relationship between Jung and literature by analysing his texts using the methodology of literary theory. This investigation serves to illuminate the literary nature of Jung's writing in order to shed new light on his psychology and its relationship with literature as a cultural practice. Jung employed literary devices throughout his writing, including direct and indirect argument, anecdote, fantasy, myth, epic, textual analysis and metaphor. Susan Rowland examines Jung's use of

literary techniques in several of his works including *Anima and Animus* *On the Nature of the Psyche* *Psychology and Alchemy* and *Synchronicity* and describes Jung's need for literature in order to capture in writing his ideas about the unconscious Jung as a Writer succeeds in demonstrating Jung's contribution to literary and cultural theory in autobiography gender studies postmodernism feminism deconstruction and hermeneutics and concludes by giving a new culturally orientated Jungian criticism The application of literary theory to Jung's works provides a new perspective on Jungian Psychology that will be of interest to anyone involved in the study of Jung Psychoanalysis literary theory and cultural studies **Jung** Susan Rowland, 2009-09 Renowned as one of the architects of psychoanalytic theory Carl Gustav Jung devoted his career to exploring the unknown depths of the human subconscious and in doing so left a legacy to the literature science and sociology of the modern era In addition to explaining his key ideas synchronicity archetypes the collective subconscious and introversion extroversion this lively introduction examines Jung's cultural criticism of the modern world his political intuitions and his later fascination with spiritualism *Jung and Feminism* Demaris S. Wehr, 2015-12-14 Jung in contrast to Freud has typically been considered more sympathetic to women largely because of his emphasis on the feminine as a way of being in the world and on the anima the unconscious feminine aspect of male personality Feminists however have viewed Jung's whole notion of the feminine with suspicion seeing it as a projection of male psyche and not an authentic understanding of female humanity For Demaris Wehr both feminism and Jungian psychology have been guiding forces and in this book originally published in 1988 she mediates between feminists and classical Jungians two groups historically at odds She faces squarely the male centred assumptions of some Jungian concepts and challenges Jung's claims for the universality and purely empirical basis of his work but nevertheless maintains an appreciation for the value of Jung's understanding of human nature and the process of individuation By bringing the insights of feminist theology to bear on the seemingly unbridgeable gap between analytical psychology and feminism she succeeds in reclaiming Jungian psychology as a freeing therapy for women and reveals it as the ultimately liberating vision its founder intended it to be

Reviewing **Jung A Feminist Revision By Susan Rowland Librarything**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing.
