Keywords In News And Journalism Studies:

Keywords In News And Journalism Studies Zelizer, Barbie, Allan, Stuart, 2010-05-01 Covers four inter related subject areas news and journalism theories practices environments and technologies Different genres of reporting are covered such as business crime environmental fashion lifestyle investigative science sports and war journalism **The Routledge Handbook of Developments in Digital Journalism Studies** Scott Eldridge II, Bob Franklin, 2018-09-03 The Routledge Handbook of Developments in Digital Journalism Studies offers a unique and authoritative collection of essays that report on and address the significant issues and focal debates shaping the innovative field of digital journalism studies In the short time this field has grown aspects of journalism have moved from the digital niche to the digital mainstay and digital innovations have been normalized into everyday journalistic practice These cycles of disruption and normalization support this book's central claim that we are witnessing the emergence of digital journalism studies as a discrete academic field Essays bring together the research and reflections of internationally distinguished academics journalists teachers and researchers to help make sense of a reconceptualized journalism and its effects on journalism's products processes resources and the relationship between journalists and their audiences The handbook also discusses the complexities and challenges in studying digital journalism and shines light on previously unexplored areas of inquiry such as aspects of digital resistance protest and minority voices The Routledge Handbook of Developments in Digital Journalism Studies is a carefully curated overview of the range of diverse but interrelated original research that is helping to define this emerging discipline It will be of particular interest to undergraduate and postgraduate students studying digital online computational and multimedia journalism **The Routledge Handbook of Translation and Media** Esperança Bielsa, 2021-12-24 The Routledge Handbook of Translation and Media provides the first comprehensive account of the role of translation in the media which has become a thriving area of research in recent decades It offers theoretical and methodological perspectives on translation and media in the digital age as well as analyses of a wide diversity of media contexts and translation forms Divided into four parts with an editor introduction the 33 chapters are written by leading international experts and provide a critical survey of each area with suggestions for further reading The Handbook aims to showcase innovative approaches and developments bridging the gap between currently separate disciplinary subfields and pointing to potential synergies and broad research topics and issues With a broad ranging critical and interdisciplinary perspective this Handbook is an indispensable resource for all students and researchers of translation studies audiovisual translation journalism studies film studies and media studies The Open Access version of Chapter 1 available at <http://www.taylorfrancis.com> has been made available under a Creative Commons CC BY NC ND license *The Bloomsbury Handbook of World Theory* Jeffrey R. Di Leo, Christian Moraru, 2021-11-18 Disciplines from literary studies to environmentalism have recently undergone a spectacular reorientation that has refocused entire fields methodologies and vocabularies on the world and its sister terms such as globe

planet and earth The Bloomsbury Handbook of World Theory examines what world means and what it accomplishes in different zones of academic study The contributors raise questions such as What happens when world is appended to a particular form of humanistic or scientific inquiry How exactly does worlding bear on the theoretical operating system and the history of that field What is the theory or theoretical model that allows world to function in a meaningful way in coordination with that knowledge domain With contributions from 38 leading theorists from a vast range of fields including queer studies religion and pop culture this is the first large reference work to consider the profound effect both within and outside the academy of the worlding of discourse in the 21st century

Theory Across Disciplines Jeffrey R. Di Leo, 2025-08-07 Surveying the extraordinary scope of contemporary theory Jeffrey R Di Leo brings together contributors from around the world to speak to the ways in which theoretical concerns from a variety of disciplines operate within their respective fields of concern Contemporary theory is a multi and inter disciplinary endeavour that operates within and among the humanities the social sciences and many of the professions In addition to its now somewhat more standard fare work in these areas it has also made substantial inroads into the natural sciences and the formal sciences To be sure more disciplines from across the academy have integrated theory into their practice than at any other time in history Di Leo and his fellow contributors survey the workings of contemporary theory within and among the humanities sciences and professions including contributions on literary studies film studies gender studies visual art law biology and geology They bring together distinguished theorists whose work spans the academy to speak to the ways in which theoretical concerns from a variety of disciplines work within their respective fields of concern

Frontiers in New Media Research Francis Lap Fung Lee, 2013 This volume puts together the works of a group of distinguished scholars and active researchers in the field of media and communication studies to reflect upon the past present and future of new media research The chapters examine the implications of new media technologies on everyday life existing social institutions and the society at large at various levels of analysis Macro level analyses of changing techno social formation such as discussions of the rise of surveillance society and the fifth estate are combined with studies on concrete and specific new media phenomena such as the rise of Pro Am collaboration and fan labor online In the process prominent concepts in the field of new media studies such as social capital displacement and convergence are critically examined while new theoretical perspectives are proposed and explicated Reflecting the inter disciplinary nature of the field of new media studies and communication research in general the chapters interrogate into the problematic through a range of theoretical and methodological approaches The book should offer students and researchers who are interested in the social impact of new media both critical reviews of the existing literature and inspirations for developing new research questions

An Introduction to Journalism Silvio Waisbord, 2025-06-09 Journalism remains a vital irreplaceable institution in the public sphere even though technology political and economic trends and globalization continue to impact it in negative ways An Introduction to Journalism is the

new go to textbook for journalism studies Organized around three thematic sections structures practices and change and continuity this textbook covers a broad range of issues central to the study of journalism These include the nature of news as a socio cultural construct the impact of social forces political economic technology cultural on journalistic practices and news content the origin and the impact of journalistic norms values and ideologies patterns of news access and consumption the relation between journalism and public life and the role of the press in democracy and authoritarianism Taking a global perspective throughout the textbook is grounded in the conviction that we need to examine developments across countries and regions and understand how global forces shape news journalism and the news industry Supported by extensive examples and clear case studies throughout this accessible textbook written by a leading scholar in the field provides a comprehensive and analytical survey of the key themes that shape journalism It is essential reading for undergraduate students of journalism studies

Media Accountability in the Era of Post-Truth Politics Tobias Eberwein,Susanne Fengler,Matthias Karmasin,2019-06-28 Bringing together both leading international scholars and emerging academic talent Media Accountability in the Era of Post Truth Politics maps the current state of media accountability in Europe and provides fresh perspectives for future developments in media and communication fields As the integrity of the international media landscape is challenged by far reaching transformations and the rise of fake news the need for a functional system of media regulation is greater than ever This book addresses the pressing need to re evaluate and redefine the notion of accountability in the fast changing field of journalism and information provision Using comparative research and empirical data the book s case studies address the notion of media accountability from various perspectives considering political and societal change economic organisational and technological factors and the changing role of media audiences By collecting and juxtaposing these studies the book provides a new discussion for the old question of how we can safeguard free and responsible media in Europe a question that seems more urgent than ever Media Accountability in the Era of Post Truth Politics is an essential read for students and researchers in journalism media and communication studies

The Handbook of Journalism Studies Karin Wahl-Jorgensen,Thomas Hanitzsch,2009-01-13 This Handbook charts the growing area of journalism studies exploring the current state of theory and setting an agenda for future research in an international context The volume is structured around theoretical and empirical approaches and covers scholarship on news production and organizations news content journalism and society and journalism in a global context Emphasizing comparative and global perspectives each chapter explores Key elements thinkers and texts Historical context Current state of the art Methodological issues Merits and advantages of the approach area of studies Limitations and critical issues of the approach area of studies Directions for future research Offering broad international coverage from top tier contributors this volume ranks among the first publications to serve as a comprehensive resource addressing theory and scholarship in journalism studies As such the Handbook of Journalism Studies is a must have resource for scholars and graduate students working in journalism media

studies and communication around the globe *The Crisis of Liberal Internationalism* Yoichi Funabashi, G. John Ikenberry, 2020-02-04 A 2020 CHOICE Outstanding Academic Title Japan's challenges and opportunities in a new era of uncertainty Henry Kissinger wrote a few years ago that Japan has been for seven decades an important anchor of Asian stability and global peace and prosperity However Japan has only played this anchoring role within an American led liberal international order built from the ashes of World War II Now that order itself is under siege not just from illiberal forces such as China and Russia but from its very core the United States under Donald Trump The already evident damage to that order and even its possible collapse pose particular challenges for Japan as explored in this book Noted experts survey the difficult position that Japan finds itself in both abroad and at home The weakening of the rules based order threatens the very basis of Japan's trade based prosperity with the unreliability of U S protection leaving Japan vulnerable to an economic and technological superpower in China and at heightened risk from a nuclear North Korea Japan's response to such challenges are complicated by controversies over constitutional revision and the dark aspects of its history that remain a source of tension with its neighbors The absence of virulent strains of populism have helped to provide Japan with a stable platform from which to pursue its international agenda Yet with a rapidly aging population widening intergenerational inequality and high levels of public debt the sources of Japan's stability its welfare state and immigration policies are becoming increasingly difficult to sustain Each of the book's chapters is written by a specialist in the field and the book benefits from interviews with more than 40 Japanese policymakers and experts as well as a public opinion survey The book outlines today's challenges to the liberal international order proposes a role for Japan to uphold reform and shape the order and examines Japan's assets as well as constraints as it seeks to play the role of a proactive stabilizer in the Asia Pacific **A Democratic Approach to Religion News** Ahmed Topkev, 2024-03-26 This book introduces the first systematic and unified four dimension democratic approach to newspaper religion reporting It explores the coverage of faith with a particular focus on Christianity and Islam in the British and Turkish national press The results of framing analysis conducted through content analysis of 1 022 news articles reveal that in both countries alongside the contrasting portrayals of the minority religions even the dominant religions had a disproportioned employment of the four dimensions spiritual world life political and conflict It contributes to scholarship not only empirically but also theoretically and methodologically with its theoretical and methodological contribution surpassing its empirical findings As such it will transcend geographical and temporal boundaries making it appealing and relevant to an international audience of academics professionals and students in the fields of journalism religion democracy media communication society and culture as well as individuals from various backgrounds *Definitions of Digital Journalism (Studies)* Scott A. Eldridge II, Kristy Hess, Edson C. Tandoc Jr., Oscar Westlund, 2021-05-13 *Definitions of Digital Journalism Studies* offers an authoritative and highly accessible point of entry into current debates and definitions of digital journalism and digital journalism studies Journalism continues to evolve as it increasingly shifts to digital forms

practices and spaces challenging traditional notions of what journalism is and what it should be As scholars and practitioners make sense adapt to or seek to withstand the different facets of change confronting the field it is important to clarify the contours of what we are studying Studies of digital journalism have usually assumed if not taken for granted what digital journalism means But navigating the rapidly expanding scholarship in this area requires clarification of our core concept This book brings together journalism scholars from around the world to tease out what digital journalism stands for and what digital journalism scholarship looks like This book offers a timely guide for scholars and practitioners of digital journalism It aims to help undergraduate and graduate students as well as journalism scholars in positioning their work within the field of digital journalism studies The chapters in this book were originally published as a special issue of the journal *Digital Journalism*

Fake News Across Asian Countries Edson C. Tandoc Jr., 2025-03-20 This book integrates insights from studies conducted across Asia to provide a comprehensive account of the fake news problem in the region Emerging from a study on how Singapore stakeholders define determine and deal with online falsehoods the volume expands to cover numerous Asian contexts all of which have experienced the problem in not only similar but also unique ways coupled with diverse cultures and media regulatory contexts Drawing from specific examples and case studies to demonstrate the real world manifestation of the concepts and theories on fake news the book grounds academic research in lived experiences This volume will interest journalism scholars and undergraduate and postgraduate students in the areas of media studies mass communication digital media media literacy Asian studies and political communication

Evolving Journalism Research Methods Michael P. Boyle, Adam M. Rainear, 2025-11-05 *Evolving Journalism Research Methods* offers the first comprehensive survey of research methods and their applications in Journalism Studies Divided into five sections this volume begins by contextualizing key theories and industry debates from newsroom automation to ethics in research It addresses sampling and sourcing techniques as well as the broad distinctions between qualitative and quantitative methods including their relative strengths and weaknesses Finally authors consider and problematize techniques for analyzing and reporting data Throughout the book case studies illuminate the close relationship between theory and methodology in the research process bringing into question issues such as source credibility news framing and the roles of gender big data and Artificial Intelligence Featuring diverse contributions from scholars at the cutting edge of research in this area this book is key reading for anyone researching journalism or studying industry issues at an advanced level

Global Journalism Vera Slavtcheva-Petkova, Michael Bromley, 2018-10-09 Providing a truly comprehensive overview of international journalism and global news reporting in the digital age this new introductory textbook surveys the full variety of contexts that journalists around the world operate in the challenges and pressures they face their journalistic practices and the wider theoretical and social implications Analysing key scholarship in the field Vera Slavtcheva Petkova and Michael Bromley explore not just journalism as a single entity but equally the multiple cultures which host journalism and the variety of journalisms which exist across the world Clear and

accessible this is an ideal companion for undergraduate and postgraduate students of international and global journalism on journalism or media and communication studies degrees

The Handbook of Artificial Intelligence and Journalism Aynur Sarisakaloğlu, Martin Löffelholz, 2025-12-23 Presents a comprehensive global overview of AI driven journalism and its transformative impact on media practices As artificial intelligence AI continues to reshape the media landscape The Handbook of Artificial Intelligence and Journalism provides the first comprehensive academic exploration of the intersection between AI technologies and journalism Edited by Aynur Sar sakalo lu and Martin L ffelholz this foundational volume brings together 37 leading scholars from six continents to examine how AI is redefining the structures practices and epistemologies of journalism Organized around key thematic areas the Handbook investigates the driving forces propelling the algorithmic transformation and unveils emerging trends in journalistic practice and journalism research moving beyond Western centric perspectives to incorporate diverse global experiences and knowledge production Twenty eight original chapters address systemic shifts such as evolving structures of media organizations changing roles of actors transformations in news production routines and shifting patterns of news consumption By integrating theoretical empirical and practical perspectives the Handbook sets the stage for a new research agenda for understanding AI driven journalism on a global scale Containing rigorous interdisciplinary scholarship and broad geographical coverage The Handbook of Artificial Intelligence and Journalism Integrates theoretical foundations empirical studies and practical applications in a cohesive structure Offers insights into journalism practices across a wide range of geographical contexts and engages with approaches that transcends Western dominated paradigms incorporating perspectives from the Global South Employs interdisciplinary frameworks to enhance the understanding of AI driven journalism Examines the sociotechnical dynamics of AI including its potential benefits and challenges for journalism Presents forward looking reflections on the future of journalism research in the AI era The Handbook of Artificial Intelligence and Journalism is ideal for undergraduate graduate and doctoral students in journalism communication and media studies programs It also serves as a vital reference for researchers educators media professionals and policy advisors engaged in digital journalism journalism research media innovation and public communication

News Parody and Political Satire Across the Globe Geoffrey Baym, Jeffrey Jones, 2013-09-13 In recent years the US fake news program The Daily Show with Jon Stewart has become a surprisingly important source of information conversation and commentary about public affairs Perhaps more surprisingly so called fake news is now a truly global phenomenon with various forms of news parody and political satire programming appearing throughout the world This collection of innovative chapters takes a close and critical look at global news parody from a wide range of countries including the USA and the UK Italy and France Hungary and Romania Israel and Palestine Iran and India Australia Germany and Denmark Traversing a range of national cultures political systems and programming forms News Parody and Political Satire Across the Globe offers insight into the central and perhaps controversial role that news parody has come to play in

the world and explores the multiple forces that enable and constrain its performance It will help readers to better understand the intersections of journalism politics and comedy as they take shape across the globe in a variety of political and media systems This book was originally published as a special issue of the journal Popular Communication

Doing News Framing Analysis II Paul D'Angelo, 2018-05-11 This volume presents original big picture perspectives on news framing Each chapter in this volume will feature an individual or team of framing analysts who take a reflective look at their own empirical work The editors goals are to identify the influences that determine the use of different theoretical and methodological approaches and to provide interpretive guides to news framing scholars regarding what news frames are how they can be observed in news texts and how framing effects are uncovered and substantiated in cultural group and individual sites Doing News Framing Analysis II will continue the work of its predecessor by giving talented framing scholars the space to write about their work and bring readers closer to the framing research project Chapter 9 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>

Covering Extended Reality Technologies in the Media Emma Kaylee Graves, 2023-12-28 This book presents a study of the news coverage of extended reality technologies virtual augmented and mixed reality or XR and how this news corresponds with the marketing of XR products Focusing on a group of recently emerging technological products the book offers in depth analysis of the news coverage of XR technologies and explores the overlap between news discourse and promotional discourse by comparing the way these products are framed in the news and their marketing materials Using both quantitative and qualitative data it discusses the topics covered in XR news as well as the sources used and the specific framing techniques that appear in both XR news and marketing materials In addition to these findings it also provides a set of frame categories that can be used by other researchers analysing the media coverage of emerging technologies Ultimately arguing that the news represents XR in such a way that treats readers as consumers instead of citizens prioritising the interests of XR companies rather than news audiences this book will be of interest to students and researchers in media and communications discourse studies journalism PR and marketing and innovation studies as well as XR practitioners

Insights on Immersive Journalism Ana Luisa Sánchez Laws, 2023-03-31 Bringing together theory and practice this collection critically examines emerging conceptual methodological and production frameworks for the study of immersive journalism Having first begun in academia the practice of virtual reality 360 video immersive journalism has seen a steep rise in the professional arena in recent years Uniting contributions from scholars and practitioners at the cutting edge of this vibrant field this book provides a summary of the history development and key debates in immersive journalism and considers issues such as conceptualising and researching immersive journalism teaching and producing immersive journalism and situating immersive journalism in a wider theoretical and ethical context Each chapter introduces readers to the key terms and concepts in that area and provides study questions to help them

engage with the text Encouraging further enquiry and theorisation and experimental design and production Insights on Immersive Journalism is an invaluable resource for students and scholars interested in Immersive Journalism and Media

Keywords In News And Journalism Studies Introduction

In today's digital age, the availability of Keywords In News And Journalism Studies books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Keywords In News And Journalism Studies books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Keywords In News And Journalism Studies books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Keywords In News And Journalism Studies versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Keywords In News And Journalism Studies books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Keywords In News And Journalism Studies books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Keywords In News And Journalism Studies books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions

of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Keywords In News And Journalism Studies books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Keywords In News And Journalism Studies books and manuals for download and embark on your journey of knowledge?
