Clipped

Wings Deborah Ancell, 2016-10-04 Within the developed world airlines have responded to the advice of advocates for corporate social and environmental responsibility CSER to use the intertwined dimensions of economics society and environment to guide their business activities However disingenuously the advocates and regulators frequently pay insufficient attention to the economics which are critical to airlines sustainability and profits This omission pushes airlines into the unprofitable domain of CSERplus The author identifies alleged market inefficiencies and failures examines CSERplus impacts on international competition and assesses the unintended consequences of the regulations She also provides innovative ideas for future proofing airlines *Clipped Wings* is a treatise for business professionals featuring academic research as well as industry anecdotes It is written for airlines including their owners employees passengers and suppliers airports trade associations policy makers educators students consultants CSERplus specialists and anyone who is concerned about the future of competitive airlines

International Student Mobility and Access to Higher Education Or

Shkoler, Edna Rabenu, Paul M.W. Hackett, Paul M. Capobianco, 2020-04-01 This book offers a comprehensive look into issues and trends driving international student mobility as the phenomenon becomes increasingly prevalent worldwide Chapters first present an expanded definition of student mobility in the context of internationalization and go on to discuss the underlying motivations issues and challenges students face in attaining successful outcomes The authors employ marketing concepts to illustrate ideas and recommendations for better attracting and integrating international students into academic institutions abroad with the goal of greater satisfaction for students and improved profitability for the universities they attend

Prince,Constantinos-Vasilios Priporas,2015-08-03 The concept and framework of market sensing was introduced by George

Day more than 20 years ago into the strategic marketing literature especially the philosophy of the market driven organization Market sensing can be considered an expression of a company s capabilities to scan the external environment It does this by using real time data and intelligence to understand business or uncertain changes to meet the current and future needs of the market increase customer value and outperform competitors Market sensing enables managers to resist complacency as well as to exploit opportunities and to design appropriate competitive strategies in order to remain successful in today s uncertain rapidly changing and hypercompetitive market Market Sensing Today is essential reading in the marketing discipline given the rapidly escalating innovative developments in market sensing techniques This book of essays by acknowledged experts in the field fills an important knowledge gap and provides a realistic basis for strategy It is replete with real life examples of market sensing that illustrate actionable ideas for immediate impact that will improve organizational learning and accelerate growth

Global Developments in Nation Branding and Promotion: Theoretical and Practical Approaches Masouras, Andreas, Daskou, Sofia, Pistikou, Victoria, Dimitriou, Dimitrios, Friesner, Tim, 2023-07-17 By taking corporate marketing concepts and applying them to countries nation branding is a way for these regions to enhance their reputations and project a desired image for international recognition New modes of publicity and marketing geared towards geographic location fall into this category leading nation branding to have vast benefits for the economies and societies of countries New marketing strategies have emerged and are being adopted to consequently brand countries with the purpose of economic growth By studying these emerging strategies and methods nations can best develop a desired brand and reputation to foster growth and prosperity *Global Developments in Nation Branding and Promotion Theoretical and Practical Approaches* presents the functionality of nation branding in benefiting the positioning and identity promotion of nations The chapters address theoretical considerations of the nature of nation brands and their implications in measuring branding inference Covering topics such as country of origin association memory politics and international relations this premier reference source is an excellent resource for brand managers politicians government officials marketers communication consultants business leaders and executives students and educators of higher education researchers and academicians

Wine and Identity Matt Harvey, Leanne White, Warwick Frost, 2014-01-10 In an increasingly competitive global market winemakers are seeking to increase their sales and wine regions to attract tourists To achieve these aims there is a trend towards linking wine marketing with identity Such an approach seeks to distinguish wine products whether wine or wine tourism from their competitors by focusing on cultural and geographical attributes that contribute to the image and experience In essence marketing wine and wine regions has become increasingly about telling stories engaging and provocative stories which engage consumers and tourists and translate into sales This timely book examines this phenomena and how it is leading to changes in the wine and tourism industries for the first time It takes a global approach drawing on research studies from around the world including old and new world wine regions The volume is divided into three parts The

first branding investigates cases where established regions have sought to strengthen their brands or newer regions are striving to create effective emerging brands The second heritage considers cases where there are strong linkages between cultural heritage and wine marketing The third section terroir explores how a sense of place is inherent in winescapes and regional identities and is increasingly being used as a distinctive selling proposition This significant volume showcasing the connections between place identity variety and wine will be valuable reading for students researchers and academics interested in tourism marketing and wine studies

Continuing Education in Colleges and Universities: Challenges and Opportunities Ronald White, Frank DiSilvestro, 2013-12-31 These are times of great opportunity and challenge for continuing education CE programs in colleges and universities While lifelong learning remains central to CE's mission means of promoting and delivering adult education programs through distance and online learning are undergoing tremendous technological transformation Within institutions CE units are increasingly collaborating with academic departments In addition demographic shifts have resulted in new audiences and types of programs offered both credit and noncredit School are pressured to increase their participation in economic development All these changes carry administrative considerations This volume suggests perspective and solutions for the challenges that must be successfully confronted by today's CE programs and the professionals who develop them This is the 140th volume of this Jossey Bass series Noted for its depth of coverage it explores issues of common interest to instructors administrators counselors and policymakers in a broad range of adult and continuing education settings such as colleges and universities extension programs businesses libraries and museums

Practical Food Safety Rajeev Bhat, Vicente M. Gómez-López, 2014-03-31 The past few years have witnessed an upsurge in incidences relating to food safety issues which are all attributed to different factors Today with the increase in knowledge and available databases on food safety issues the world is witnessing tremendous efforts towards the development of new economical and environmentally friendly techniques for maintaining the quality of perishable foods and agro based commodities The intensification of food safety concerns reflects a major global awareness of foods in world trade Several recommendations have been put forward by various world governing bodies and committees to solve food safety issues which are all mainly targeted at benefiting consumers In addition economic losses and instability to a particular nation or region caused by food safety issues can be huge Various non dependent risk factors can be involved with regard to food safety in a wide range of food commodities such as fresh fruits vegetables seafood poultry meat and meat products Additionally food safety issues involves a wide array of issues including processed foods packaging post harvest preservation microbial growth and spoilage food poisoning handling at the manufacturing units food additives presence of banned chemicals and drugs and more Rapid change in climatic conditions is also playing a pivotal role with regard to food safety issues and increasing the anxiety about our ability to feed the world safely Practical Food Safety Contemporary Issues and Future Directions takes a multi faceted approach to the subject of food safety covering various aspects ranging from microbiological to chemical issues

and from basic knowledge to future perspectives This is a book exclusively designed to simultaneously encourage consideration of the present knowledge and future possibilities of food safety This book also covers the classic topics required for all books on food safety and encompasses the most recent updates in the field Leading researchers have addressed new issues and have put forth novel research findings that will affect the world in the future and suggesting how these should be faced This book will be useful for researchers engaged in the field of food science and food safety food industry personnel engaged in safety aspects and governmental and non governmental agencies involved in establishing guidelines towards establishing safety measures for food and agricultural commodities **Handbook of Research on**
