Stereophile ,2008 **The Absolute Sound** ,2008 Betrayals George M. Hahn,2013-01-14 It was Britains most humiliating intelligence disaster of World War II The newly established Special Operations Executive SOE dropped fifty three agents during 1941 and 1942 into the Nazi occupied Netherlands Their mission was to aid the Dutch underground as part of Winston Churchills plan to set Europe ablaze However Dutch resistance was thoroughly penetrated by German counter intelligence In spite of repeated security warnings including one by SOEs own chief encoder Leo Marks agent after agent was parachuted into the waiting arms of the Nazis Almost all of those captured were executed at the Mauthausen concentration camp Two were able to escape from captivity and reach London to report the calamity These two heroic men were promptly arrested as suspected double agents their tale ignored In this story Sgt Jeff Williamson a fictitious Canadian agent goes through SOE training and because of his ability to speak Dutch is dropped into the Netherlands He manages to evade German capture and make his way through war torn occupied Europe to Spain and Gibraltar only then to be incarcerated in an MI5 British counter intelligence prison and kept there until the Germans surrender During his time in prison and long afterwards he is haunted by his own history and the fate of his fellow agents He is driven to attempt to find the cause of the intelligence disaster and SOEs motivation for his own imprisonment On Paper ,1997 *Carrie Chronicles - Books 1-3 Box Set* Ethan Jones,2021-09-28 Start a dangerous adventure with Carrie O Connor an elite covert operative of the mysterious CIS who isn t burdened by bureaucrats or worried about rule books Enjoy the first three thrillers in the best selling Carrie Chronicles series Priority Target Book One She didn t start the fight but she ll gladly finish it While confirming the elimination of a target during a drone attack in Somalia Carrie discovers a massive cover up Now a target herself she s determined to find out who wants her dead and begins to cut through a complex web of lies and deceit Even if it means going to war with the CIA With innocents killed and her own life at stake how will Carrie survive so that justice is served Codename Makarov Book Two She ll stop at nothing Carrie O Connor is in Pakistan for an extremely secretive meeting with one of the local Taliban leaders when she falls into a suspicious ambush that almost claims her life and suspects a mole inside her own team As she starts her search for the traitor Carrie learns of a ruthless ex KGB assassin who may have been implicated in her father s disappearance in Moscow at the height of the Cold War When she dives into this inquiry she soon finds herself at the center of a decade long intrigue While trying to balance her feelings and rein in her emotions Carrie is informed of her ex partner Justin Hall who has gone rogue in the lawless terrorist infested badlands of Syria and Iraq Carrie is determined to dispel the uncertainty about her father s disappearance and eager to bring Justin the former love of her life back home Alone she starts her most personal and dangerous mission Can she settle accounts with the man who killed her father and the traitor who betrayed her Entry Point Book Three Why would a Taliban commander ask for her Elite operative Carrie O Connor survived Afghanistan twice and swore she would never go back Then a known terrorist

mastermind attacks a police station and shockingly turns his gun on his own men When the smoke clears he surrenders but will only speak with Carrie Soon after arriving as Carrie tries to uncover his motive she discovers a treacherous conspiracy involving the Taliban and the Russians to assassinate the US president But a cloud of doubt remains Is the president really the terrorists target Or is he simply a diversion for something more sinister Find out how Carrie will have to work both sides of evil to gain an Entry Point Reviews Ethan Jones has hit another home run with this new series It s a real barn burner a real page turner that is nonstop action from the first page The action is relentless the tension extreme and the characters remarkably good One of the things you can count on with this author s books is that you get drawn into the story very quickly and it s hard to put the book down I love reading a female character that kicks butt but still has a soft side and Carrie does not disappoint Carrie O Connor is on another wild ride with danger or death at every turn electrifying adventures and controlled chaos are always Carrie s partners The Carrie Chronicles Spy Thriller Series International bestselling author Ethan Jones brings a series so heart stopping and fever pitched that you ll have to take up a permanent position on the edge of your seat Travel with Carrie from Somalia to Syria from Moscow to Vienna Like all of Ethan s series each book is clean clever and captivating Enjoy Carrie s first three adrenal drenched missions when you click now **High Fidelity News and Record Review** ,1999 **Audio** ,1985 **Patient and Staff Voices in Primary Care** Kenneth E Collins,2023-04-12 This unique work represents the recording and analysis of oral history interviews conducted by the pioneering general practitioner Dr Hetty Ockrim with over seventy patients as well as office staff and members of the nursing team between 1989 and 1992 in her former practice in the Ibrox Govan areas of Glasgow places of significant socio economic deprivation Her focus in undertaking this study was on personal and social rather than just clinical issues The interviews are accompanied by background and commentary for the study reflecting the full breadth of general practice Many of the interviewees had memories stretching back before the NHS providing a unique historical perspective of service development as well as invaluable directions for improving current and future general practice Key Features Provides a historical context for the developments in health over several decades prior to the study Shows how oral history methods have increasingly been used in medical history research and explores the benefits of this approach Covers many of the themes of the oral history which enabled and encouraged patients to comment on what was important to them in their encounters with health care Follows the increasing acceptance of women in medicine demonstrating how women doctors were viewed by patients within the practice compared to changes in wider society Presents a history from below using voices that are not normally heard in the medical discourse illustrating the importance of the doctor patient interface Supporting a wider understanding of what patient narratives can tell us about the delivery of health care from the perspective of the patients the front line users of health services the book show how oral history can provide an understanding of health care more broadly key at a time when social inequality is once again widening in many regions *Gene* Richard Bobe',2009-10-07 Gene by Richard R
