A House of Many Mansions Kamal Salibi, 1988-06-09 Today Lebanon is one of the world's most divided countries if it remains a country at all But paradoxically the faction-ridden Lebanese both Christians and Muslims have never shown a keener consciousness of common identity How can this be In this outstanding book a famous Lebanese historian examines in the light of modern scholarship the historical myths on which his country's warring communities have based their conflicting visions of the Lebanese nation The Lebanese have always lacked a common vision of their past From the beginning Muslims and Christians have disagreed fundamentally over their country's historical legitimacy Christians on the whole have affirmed it Muslims have tended to emphasise Lebanon's place in a broader Arab history Both groups have used nationalist ideas in a destructive game which at a deeper level involves archaic loyalties and tribal rivalries But Lebanon cannot afford these conflicting visions if it is to develop and maintain a sense of political community In the course of his extremely lively exposition Salibi offers a major reinterpretation of Lebanese history and provides remarkable insights into the dynamics of Lebanon's recent conflict He also gives a masterly account of how the imagined communities which underlie modern nationalism are created This is not only an illuminating work on one of the most intractable problems of the Middle East but a brilliantly conceived and elegantly written case study of the phenomenon of nationalism It will appeal as much to political scientists as to those seeking to understand the conflict in Lebanon today

Modern Arab Historiography Youssef Choueiri, 2013-10-08 Including a new introduction and conclusion this revised second edition deals with a vital yet neglected ingredient in modern Arab culture It is the only scholarly study of Arab historiography It covers the periods 1820-1920 Pioneers and Amateurs and 1920 to today Professional Historians Managers of Legitimation This work is a major contribution not only to the study of Arab historiography but to our understanding of modern Arab thought

The Druze Community and the Lebanese State Yusri Hazran, 2014-07-11 One of the fundamental questions of Middle Eastern and Lebanese studies in particular is the history of the relationship between the Druze community and the state in modern Lebanon Arguing that the Druze community has been politically alienated from the Lebanese state this book explores the historical and political origins of this alienation The Druze Community and the Lebanese State contends that the origins of this alienation lie in the state's national ideology its political confessional system and the Druze's historical background during the medieval period Moreover this book examines the extent to which the Druze's attitude vis-à-vis the Lebanese state has been influenced by their historical rivalry with the Maronites Particular emphasis is placed on the political and ideological practices adopted by the Druze leadership and intelligentsia as they dealt with the changes taking place in their community's political status following the political settlements of 1920 and 1943 the

establishment of Greater Lebanon and the National Pact respectively A welcome addition to existing literature on Lebanon this book will be an essential reference tool for students and researchers with an interest in nationalism identity and Middle East Politics more broadly Who Was Jesus? Kamal Salibi,2007-04-27 An extraordinary and provocative examination of one of history's great unsolved mysteries who or what was Jesus The Gospels provide no direct answers and both the life of Jesus as it has been recorded for us and the teachings and activities of the Apostles are surrounded by baffling contradictions and inconsistencies Salibi invites the reader to join him on a voyage of historical discovery to determine the true identity of the founder of Christianity Where did Jesus really come from Why do the Gospels pass over the greater part of his life What of the principle founders of the Christian Church St Peter and St Paul It is known that after his conversion Paul went directly to Arabia rather than journeying to the apparent source and seat of the Christian movement Jerusalem Why What did Paul discover in Arabia What was the real source of tension and friction between Paul and Peter What did Paul know about the real Jesus story which Peter at all costs wanted to keep hidden What deal was eventually struck between them No reader can fail to be carried along by the tantalising search for clues as Salibi attempts to unravel history's best kept secret the true identity of Jesus

The Literature of the Lebanese Diaspora Jumana Bayeh,2014-10-23 The Lebanese civil war which spanned the years of 1975 to 1990 caused the migration of hundreds of thousands of Lebanese citizens many of whom are still writing of their experiences Jumana Bayeh presents an important and major study of the literature of the Lebanese diaspora Focusing on novels and writings produced in the aftermath of Lebanon's protracted civil war Bayeh explores the complex relationships between place displacement and belonging and illuminates the ways in which these writings have shaped a global Lebanese identity Combining history with sociology Bayeh examines how the literature borne out of this expatriate community reflects a Lebanese diasporic imaginary that is sensitive to the entangled associations of place and identity Paving the way for new approaches to understanding diasporic literature and identity this book will be vital for researchers of migration studies and Middle Eastern literature as well as those interested in the cultures history and politics of the Middle East

Routledge Library Editions: History of the Middle East Various,2021-08-25 This multi volume set of reissued classics brings together a collection of titles that touch on many key aspects of the history of the Middle East From the early explorers of Arabia to the 1979 revolution in Iran via histories of places as varied as the UAE and Zanzibar the analysis of Nazi policies towards the Arab East and a close reading of the territorial foundations of the Gulf states the books collected here form a wide ranging and eclectic study of the history of the region A Campus at War Makram Rabah,2009

Lebanon Linda Hutchison,2003 Presents information on the history geography people culture and contemporary issues of the country of Lebanon **Secrets of the Bible People** Kamal Suleiman Salibi,2004 The familiar Bible stories of Adam and Eve Noah and the Flood Moses and the Exodus Jonah and the whale will never be the same again Kamal Salibi argues that these familiar stories can be coaxed into revealing their secrets only when seen in their proper setting Arabia based on

an analysis of Arabian place names that the Old Testament's true setting was not Palestine but western Arabia. His thesis provoked worldwide controversy. Salibi is unrepentant. Far from retracting his theory in his new book, he takes it an important stage further through a re-examination of some of the best known Bible stories. Did Adam exist? Is the story of the Flood rooted in Arabian mythology? Who was Abraham? Did the Exodus really begin in Egypt? These and other questions receive startling answers which are bound to re-open the furious debate which Salibi's theory has unleashed.
