Revisión sistemática de investigación sobre enseñanza y aprendizaje de lenguas extranjeras en México Ruth Roux, María del Rosario Reyes Cruz, José Luis Ramírez Romero, 2023-04-11 En esta obra expertos en la enseñanza y el aprendizaje de lenguas extranjeras revisan de manera sistemática las investigaciones realizadas en México durante el periodo 2012-2021 en cinco temas de interés: la agencia humana, las tesis de posgrado, los alumnos y profesores transnacionales y migrantes, las políticas lingüísticas y el uso de exámenes estandarizados en la investigación. Para cada tema se analizan los problemas de investigación abordados, las teorías en las que se fundamentaron y las metodologías utilizadas. Los coordinadores de la obra reflexionan tanto sobre los avances y los aciertos como sobre las inconsistencias y vacíos de información. También discuten sobre las posibles causas y sobre todo hacen recomendaciones para mejorar la investigación en este campo. Este libro es imprescindible para investigadores experimentados así como para investigadores en formación. A los primeros les permite conocer las fortalezas y debilidades de los estudios que se han realizado en los temas en la última década. A los investigadores noveles además de ofrecerles un panorama de lo realizado en años recientes les muestra las formas de abordar y valorar la literatura especializada. Sin lugar a duda el libro se convertirá en un referente para los cursos de investigación de los programas relacionados con la enseñanza y el aprendizaje de lenguas extranjeras. <https://doi.org/10.59233/VAE045>
