Killer Fiction :

Beyond Killer Fiction Gerard Schaefer, Sondra London, 2022-01-04 25 years on Florida's first serial killer GJ Schaefer returns with a new expanded volume of illustrated killer fiction featuring the stories used to convict him of double murder in 1973. The ex cop and serial killer was doing two life sentences for the murder of two teenage girls when he himself murdered in 1995. Sondra London first published a collection of these stories in 1989 under the imprimatur of Media Queen Feral House. Published *Killer Fiction* in 1997. Now comes the new expanded collection that also includes the stories Schaefer wrote in prison for Sondra London. 73 illustrations include drawings by Schaefer seized by police in 1973 and used as evidence to convict him of murder, impressionistic sketches of Schaefer by Sondra London, and facsimiles of his handwritten statements. True Crime Author Michael Newton grabs the reader in a stranglehold whether his expressions are based on experience or simply fantasy or a combination of both, only he knows for sure. Danny Rolling: This guy has got real problems, doesn't he? Schaefer's twisted and delusional writings left a bitter taste in my mouth. He boasts he is The Greatest Killer of Women This Century. How could anyone blatantly brag about such a thing? I loved killing whores. What an awful self-professed statement. This stuff is well written, puke. I can write better than Schaefer, period. William Catch Me Killer Heirens: Schaefer can write, but I'm afraid he's misusing his talent. I can see what he is trying to do: saturate the public with kinky fictionalized murder accounts to offset the writings that were used to convict him. But what Schaefer might be trying to do if I'm correct is very dangerous. A person could read one of his stories and come away with the conviction that he is a bad person instead of an entertainer. Researchers who might peruse his work as a window to the criminal mind could be put off by his claim that it was all fiction.

How to Write Killer Fiction Carolyn Wheat, 2003 Examines ways to help you write fiction for mystery and suspense.

Anatomy of Murder Carl Darryl Malmgren, 2001 Mystery fiction takes place in a centered world, one whose most distinctive characteristic is motivation of behavior and signs. Built on a faith in foundations, it insists upon the solidity of social life, the validity of social conventions, and the sanctity of signs. Mystery assures us that motives exist for both words and deeds.

Bret Easton Ellis's Controversial Fiction Sonia Baelo-Allué, 2011-04-21 Both literary author and celebrity, Bret Easton Ellis represents a type of contemporary writer who draws from both high and the low culture, using popular culture references, styles, and subject matters in a literary fiction that goes beyond mere entertainment. His fiction, arousing the interest of the academia, mass media, and general public, has fuelled heated controversy over his work. This controversy has often prevented serious analysis of his fiction, and this book is the first monograph to fill in this gap by offering a comprehensive textual and contextual analysis of his most important works up to the latest novel *Imperial Bedrooms*. Offering a study of the reception of each novel, the influence of popular mass and consumer culture in them, and the analysis of their literary style, it takes into account the controversies surrounding the novels and the changes produced in the shifting terrain of the literary marketplace. It offers anyone studying contemporary American fiction a thorough and unique analysis of Ellis's

Simpson, Patrick McAleer, 2014-11-13 Many readers know Stephen King for his early works of horror from his fiction debut *Carrie* to his blockbuster novels *The Shining* *The Stand* and *Misery* among others While he continues to be a best selling author King's more recent fiction has not received the kind of critical attention that his books from the 1970s and 1980s enjoyed Recent novels like *Duma Key* and *11/22/63* have been marginalized and arguably cast aside as anomalies within the author's extensive canon In *Stephen King's Contemporary Classics: Reflections on the Modern Master of Horror* Philip L. Simpson and Patrick McAleer present a collection of essays that analyze, assess, and critique King's post 1995 compositions Purposefully sidestepping studies of earlier work these essays are arranged into three main parts the first section examines five King novels published between 2009 and 2013 offering genuinely fresh scholarship on King the second part looks at the development of King's distinct brand of horror the third section departs from probing the content of King's writing and instead focuses on King's process By concentrating on King's most recent writings this collection offers provocative insights into the author's work featuring essays on *Dr. Sleep* *Duma Key* *The Girl Who Loved Tom Gordon* *Joyland* *Under the Dome* and others As such *Stephen King's Contemporary Classics* will appeal to general fans of the author's work as well as scholars of Stephen King and modern literature
