'With flashes of brilliance, tenderness and fury, *The Collaborator* does what fiction should. It makes you listen. The tragedy unfolding in Kashmir is not easy to write about without falling into platitudes and empty slogans. Mirza Waheed pulls it off'

Amritjit Singh, Nalini Iyer, Rahul K. Gairola, 2016-06-15 *Revisiting India's Partition: New Essays on Memory, Culture and Politics* brings together scholars from across the globe to provide diverse perspectives on the continuing impact of the 1947 division of India on the eve of independence from the British Empire. The Partition caused a million deaths and displaced well over 10 million people. The trauma of brutal violence and displacement still haunts the survivors as well as their children and grandchildren. Nearly 70 years after this cataclysmic event, *Revisiting India's Partition* explores the impact of the Long Partition, a concept developed by Vazira Zamindar to underscore the ongoing effects of the 1947 Partition upon all South Asian nations. In our collection, we extend and expand Zamindar's notion of the Long Partition to examine the cultural, political, economic and psychological impact the Partition continues to have on communities throughout the South Asian diaspora. The nineteen interdisciplinary essays in this book provide a multi-vocal, multi-focal transnational commentary on the Partition in relation to motifs, communities and regions in South Asia that have received scant attention in previous scholarship. In their individual essays, contributors offer new engagements on South Asia in relation to several topics including decolonization and post-colony economic development and nation building, cross-border skirmishes and terrorism and nationalism. This book is dedicated to covering areas beyond Punjab and Bengal and includes analyses of how Sindh and Kashmir, Hyderabad and more broadly South India, the Northeast and Burma call for special attention in coming to terms with memory, culture and politics surrounding the Partition. **Kashmir in the Aftermath of Partition** Shahla

Hussain, 2021-06-10 *Historically grounded study of post-partition Kashmir that places Kashmir and Kashmiris at the centre of the historical debate* *Indian English Literature* KRISHNA SHARMA, 2020-09-08 This book has been designed to help the students who want to crack the exams like NET, JRF, SET, SLET, TGT, PGT etc. It contains several writers and their important works in detail that is useful and exam-oriented. Untold Truths of the Kashmir Valley Farhana Qazi, 2020-07-27 *Secrets or Death* In this collection of true stories, American scholar Farhana Qazi reveals why women keep secrets to survive another day of conflict. Despite the chronic social suffering, these women fight to survive against all odds. These stories are the hidden truths of the valley. **British Muslim Fictions** C. Chambers, 2012-03-09 Through interviews with leading writers including Ahdaf Soueif and Hanif Kureishi, this book analyzes the writing and opinions of novelists of Muslim heritage based in the UK. Discussion centres on writers' work, literary techniques and influences and on their views of such issues as the hijab, the war on terror and the Rushdie Affair.

Invisible Martyrs Farhana Qazi, 2018-09-25 Farhana Qazi draws on her background as a pioneering counterterrorism professional and a devout Muslim to offer an insider's view of what drives girls and women to join radical Islamic movements and how we can keep them from making this terrible choice. The first Muslim woman to work for the US government's Counterterrorism Center, Qazi found herself fascinated, even obsessed, by the phenomenon of female extremists. Why she

wondered would a girl from Denver join ISIS a radical movement known for its mistreatment of women Why would a teenage Iraqi girl strap on a suicide bomb and detonate it From Kashmir to Iraq to Afghanistan to Colorado to London she discovered women of different backgrounds who all had their own reason for joining these movements Some were confused others had been taken advantage of and some were just as radical and dedicated as their male counterparts But in each case Qazi found their choices were driven by a complex interaction of culture context and capability that was unique to each woman This book reframes their stories so readers can see these girls and women as they truly are females exploited by men Through hearing their voices and sharing their journeys Qazi gained powerful insights not only into what motivated these women but also into the most effective ways to combat terrorism and about herself as well Through them Qazi writes I discovered intervention strategies that are slowly helping women hold on to faith as they struggle with versions of orthodox Islam polluted by extremist interpretations And in the process I discovered a gentle Islam and more about myself as a woman of faith

Alex Tickell, 2016-04-30 This collection offers an essential structured survey of contemporary fictions of South Asia in English and includes specially commissioned chapters on each of the national traditions of the region. It covers less well known writings from Pakistan, Sri Lanka and Bangladesh as well as the more firmly established canon of contemporary Indian literature and features chapters on important new and emergent forms such as the graphic novel, genre fiction and the short story. It also contextualizes some key transformative aspects of recent fiction such as border and diaspora identities, new middle class narratives and popular genres and literary response to terror and conflict. Edited and designed with researchers and students in mind, the book updates existing criticism and represents a readable guide to a dynamic, rapidly changing area of global literature.

The Oxford Handbook of Postcolonial Studies Graham Huggan, 2013-09-12 The Oxford Handbook of Postcolonial Studies provides a comprehensive overview of the latest scholarship in postcolonial studies while also considering possible future developments in the field. Original chapters written by a worldwide team of contributors are organised into five cross-referenced sections: The Imperial Past, The Colonial Present, Theory and Practice Across the Disciplines and Across the World. The chapters offer both country-specific and comparative approaches to current issues, offering a wide range of new and interesting perspectives. The Handbook reflects the increasingly multidisciplinary nature of postcolonial studies and reiterates its continuing relevance to the study of both the colonial past in its multiple manifestations and the contemporary globalized world. Taken together, these essays, the dialogues they pursue and the editorial comments that surround them constitute nothing less than a blueprint for the future of a much-contested but intellectually vibrant and politically engaged field.

Theory of Water Leanne Betasamosake Simpson, 2025-04-22 NATIONAL BESTSELLER Acclaimed Nishnaabeg writer Leanne Betasamosake Simpson takes a revolutionary look at that most elemental force, water, and suggests a powerful path for the future. For many years, Leanne Betasamosake Simpson has found refuge in skiing in all kinds of weather across different forms of terrain, often following the trail beside a beloved creek near her home. Recently, as she skimmed along this path and meditated on our world's uncertainty, including environmental devastation, the rise of authoritarianism and the effects of ongoing social injustice, her mind turned to the ice beside her and the snow beneath her feet. And she asked herself: What might it mean to truly listen to water? To know not only the land on which we live but the water that surrounds and inhabits us? To coexist with and alongside water? So begins this renowned writer's quest to discover, understand and trace the historical and cultural interactions of Indigenous peoples with water in all its forms. On her journey, she reflects on the teachings, traditions, stories and creative work of others in her community, particularly those of her longtime friend Doug Williams, an Elder whose presence suffuses these pages. Reading deeply the words of thinkers from other communities whose writing expands her own and begins to shape a Theory of Water that reimagines relationships among all beings and life forces. In this essential and inventive work, Simpson artfully weaves Nishnaabeg stories with her own thought and lived experience and offers a vision of water as a catalyst for transformation.
