The Computer An Illustrated History From Its Origins To The Present Day:

The Computer Mark Frauenfelder, 2013 Tracing the evolution of this vital machine from its earliest roots through its current status as a totally indispensable part of 21st century life Frauenfelder also examines the speed at which computer technology is progressing and its possibilities for the future *Alan Turing* Rebecca Kraft Rector, 2015-12-15 Not only was Turing one of the founders of computer science he also helped the British military break Nazi codes allowing them to decipher messages that helped the Allies win World War II Turing was a pioneer in the field of artificial intelligence he developed the Turing test which determines whether a machine is capable of intelligence like that of a human being Despite his impressive list of accomplishments Turing was persecuted for his homosexuality Sidebars offer extra information about topics such as Bletchley Park ciphers and the times Turing lived in while a timeline serves as a quick reference for the chronology of key events in Turing's life **Inventors of Everyday Technology** Heather S. Morrison, 2015-07-15

Inventions come in all shapes and sizes During human history there have been many inventions that have improved the lives of men women and children and that are used on a daily scale Some of the most important technologies developed were in the house From the light bulb to television air conditioning to the camera household objects have influenced societies around the world This book discusses key inventors of everyday inventions and the ways in which they inspired modern society

Inventors of Computer Technology Heather S. Morrison, 2015-07-15 Throughout the course of history there have been many inventions that have changed the ways societies function propelling them into a new era Computers and other corresponding technologies are relatively new inventions but they have greatly influenced the way modern societies operate This book gives insight into the most influential inventors of computer technology and the ways in which their inventions contributed to advancing humanity **Marc Andreessen** Corona Brezina, 2015-12-15 Netscape Navigator may no longer be a household name but its creator Marc Andreessen has been one of the most ahead of his time go getters in technology This illuminating biography introduces readers to a technological pioneer whose ideas consistently and boldly wandered well outside the box creating more and more innovative products Readers will be inspired by Andreessen's forward thinking creations including cloud based technology as far back as the 1990s and marvel at his bold outspoken attitude on such social media platforms as Twitter *Maker Dad* Mark Frauenfelder, 2014 The first DIY book to use cutting edge and affordable technology in appealing projects for fathers and daughters to do together Needy Media Stephen Monteiro, 2025-10-16 What makes our portable networked personal media devices smartphones tablets smartwatches so irresistible Reacting to our touch voice or gaze seizing and keeping our attention with sounds vibrations and screen prompts these objects construct an animated intimacy that builds trust and emotional dependence Needy Media explores how features such as face recognition awareness sensors and touchscreens have developed and intersected tying them to key concepts of psychology language and the body Surveying products and practices across a half century Stephen Monteiro argues that the appeal is as

much about how media devices behave as it is about the information they convey Monteiro traces a symbiotic overreliance a neediness between users and devices fostered by personalized aspects of digital materiality The physical and emotional bonds that emerge he argues not only cast our devices as loyal companions adaptable to our needs and idiosyncrasies they also facilitate the corporate harvesting of massive amounts of personal data in the name of making technology more friendly intuitive and individualized Raising important questions about privacy and power Needy Media seeks answers in the complex and sensitive relationship between interface and body a coupling that makes the networked object both an essential psychological presence and a lingering concern for our sense of self **Formierungen des Interface** Sabine
