Summary of Dr. Shefali Tsabary's The Conscious Parent Everest Media,2022-03-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 One morning my daughter woke me up with great excitement The fairy has left you an amazing present she whispered See what the tooth fairy left you I found a one dollar note torn in half down the middle I was speechless I realized that this was a moment in which how I responded could make or break my child s spirit 2 When raising children it is important to remember that you are not raising a mini version of yourself but a unique spirit with its own signature It is important to separate who you are from who your children are 3 When we as parents have lost our inner compass we end up imposing on our children our own vision for them which robs them of their right to live out their destiny 4 The way we parent affects our children Whether we like it or not our children pay a heavy price when we lack consciousness They are unhappy because coming from unconsciousness we bequeath to them our own unresolved needs unmet expectations and frustrated dreams
