The Mysterious Island Penguin Readers:

The Mysterious Island (World Classics, Unabridged) Jules Verne, 2016-08-01 The Mysterious Island follows the adventures of a group of castaways who use their survivalist savvy to build a functional community on an uncharted island. A hot air balloon carrying five passengers and a dog escapes from Richmond Va during the American Civil War. It is blown off course and deposited near an obscure island. One of the castaways nearly dies after a skirmish with pirates; he is saved by the unexplained appearance of medicine after the pirates are unexpectedly routed. The group later discovers that their secret helper is the reclusive Captain Nemo, first introduced in Verne's *Twenty Thousand Leagues Under the Sea*, who dies and is buried at sea in his submarine. The castaways are eventually saved by a passing ship.

The Mysterious Island Jules Verne, 2000 Based on the true story of Alexander Selkirk who survived alone for almost five years on an uninhabited island off the coast of Chile, *The Mysterious Island* is considered by many to be Jules Verne's masterpiece. Wide-eyed mid-nineteenth-century humanistic optimism in a breezy blissfully readable translation by Stump Kirkus. Reviews here is the enthralling tale of five men and a dog who land in a balloon on a faraway fantastic island of bewildering goings on and their struggle to survive as they uncover the island's secret.

Dark Waters Katherine Arden, 2022-05-10 Filled with chills, New York Times bestselling author Katherine Arden's latest installment in the creepy-tastic *Small Spaces* Quartet is sure to haunt. Now in paperback. Until next time. That was the chilling promise the smiling man made to Ollie, Coco, and Brian after they last outsmarted him. And as the trio knows, the smiling man always keeps his promises. So when the lights flicker and a knock sounds at the door, there can only be one explanation: he's back, and a frightening new game is afoot. But before the three friends can unravel the smiling man's latest nightmarish scheme, they set sail on Lake Champlain, where it's said Vermont's very own Loch Ness monster lives. Brian is thrilled. He hasn't sailed since visiting family in Jamaica, and even the looming threat of the smiling man can't put a damper on what is guaranteed to finally be a day of fun, even if it is awkward being stuck on a boat with his former best friend Phil and his new best friends Coco and Ollie. But when this crew finds themselves shipwrecked on a deserted island and hunted by a monster on both land and sea, fun becomes the last thing on their minds. The smiling man has at long last set the stage for a perilous rematch. But this time, Brian is ready to play.

Philosophical Perspective on Cinema Pedro Blas González,2022-05-17 The main premise of Philosophical Perspective on Cinema is simple Can a visual medium such as cinema put in greater perspective diverse aspects of human experience Films are usually sorted by genres but by applying metaphysical existential categories to cinema the author enables readers to reflect on the nature and essence of existence by making life appear less transparent to itself Undoubtedly the connection between sensual reality and philosophical reflection is often glossed over when the emphasis is placed on theoretical abstractions and not life itself While this work is a reflection on the philosophy of existence the author embraces a practical approach to the metaphysical existential foundation of human existence
