learning foundations Keller and Bouchon executive chef Jeff Cerciello illuminate all the key points of technique along the way how a two inch ring makes for a perfect quiche how to recognize the right hazelnut brown for a brown butter sauce how far to caramelize sugar for different uses But learning and refinement aside oh those recipes Steamed mussels with saffron bourride trout grenobloise with its parsley lemon and croutons steak frites beef bourguignon chicken in the pot all exquisitely crafted And those immortal desserts the tarte Tatin the chocolate mousse the lemon tart the profiteroles with chocolate sauce In Bouchon you get to experience them in impeccably realized form This is a book to cherish with its alluring mix of recipes and the author s knowledge warmth and wit I find this a hopeful time for the pig says Keller about our yearning for the flavor that has been bred out of pork So let your imagination transport you back to the burnished warmth of an old fashioned French bistro pull up a stool to the zinc bar or slide into a banquette and treat yourself to truly great preparations that have not just withstood the vagaries of fashion but have improved with time Welcome to Bouchon

Culinary Man and the Kitchen Brigade Jordan Fallon, 2024-09-23 *Culinary Man and the Kitchen Brigade* offers an exploration of the field of normative subjectivity circulated within western fine dining traditions presenting a theoretical analysis of the governing relationship between the chef who embodies the Culinary Man and the fine dining brigade The book offers a unique treatment of western haute cuisine's interlocking regime of labor and aesthetics and theorizes the underexplored kitchen brigade as a model of disciplinary formation It deploys a heterogeneous set of disciplinary discourses and practices which have the effect of consolidating monopolies on epistemic authority and governance Each position within the brigade's hierarchy is subject to distinct though related disciplinary practices Thus chapters identify the specific practices pertinent to each brigade subject while also illuminating how they fit together as a coherent hegemonic project The application of Wynterian and Foucauldian insight to the fine dining brigade offers a political theory of culinary work which departs from other food studies texts Notably this work offers an in depth treatment of the brigade's colonial dimensions which resonate with emerging critiques scholarly and general of the race and gender politics of restaurant labor The concluding chapters seek to identify where extant modes of resistance or alternative forms of culinary organization may hold the potential to move beyond the hegemonic overrepresentation of Culinary Man This book will be of great interest to students and scholars from across the social sciences and humanities interested in critical food studies political and cultural theory and popular culinary culture
