The Invention Of Religion Kindle Edition Alexander Drake:

The Invention of Religion Alexander Drake,2012 In this book the author explores the question of whether religions were invented by humans or given to us by some other means It is a scientific look at how ancient humans made sense of the world and the phenomena they encountered around them In the past arguments against the existence of gods have mainly come in the form of scientific inquiries that attempt to show there is no evidence for their existence The Invention of Religion however investigates the psychological mechanisms that cause religions to originate and it sets out to prove that when humans have neither science nor religion these mechanisms cause them to invent new religions It also investigates how the differences like monotheism vs pantheism between religions arise and how probable these differences are Amazon com

Mercy for All Robert D. Anderson,2023-12-20 This is a study in the interpretation of Paul with a focus on an interpretation of Romans 9 to 11 as a defense of God s faithfulness to Israel The study begins with reviews of three historical approaches to studying Paul s relationship to the Judiasm of his era the third anchoring Paul with the Judaism of his time Second Temple Judaism It then moves to an interpretation of his writings from a broad framework within that Jewish sociocultural paradigm The study suggests that Paul s letter to the Romans provides a defense of Judaism and Romans 9 to 11 provides an argument for God s faithfulness to Israel Romans 11 particularly 11 25 32 presents a picture of Israel s redemption and how gentiles relate to Israel s redemption through the mercy they have received via Israel Gentiles are seen as instrumental in the redemption of Israel Romans 11 25 32 should be read as a missional paradigm to Israel

Invention of Christianity Alexander Drake, 2014-12-15 The Invention of Christianity is an exploration of the influence that Hellenization had on the evolution of Judaism into Christianity It investigates how the stories of Dionysus could have evolved into that of Jesus how rituals of the Dionysian mysteries are now found in Christianity and the evolution of the Greek conception of the afterlife into the current Christian conception of Heaven and Hell This book utilizes many of the ideas put forth in Drake s first book The Invention of Religion throughout its investigation It also looks into whether the Bible really had a divine source or was invented by humans and contains two appendices charting the age of the world according to the bible and the stories contained in each of the synoptic gospels

Past Shock Jack Barranger, 1998-11 Alvin Toffler once coined the term future shock when people are overwhelmed by the future Past Shock suggests that events from thousands of years ago strongly impact humanity today It reveals why religion was created what organized religion wont tell you the reality of the slave chip programming that we all have what really happened in the Garden of Eden what the Tower of Babel was and why we were stopped from building it how we were conditioned by gods to remain spiritually ignorant and much more Exposes the pretender gods advanced beings who were not divine but had advanced knowledge of scientific principles including genetic engineering Our advanced science of today has begun to unravel their secrets Learn how to overcome the slave chip conditioning and begin living life as it was meant to be as a spiritually fulfilled being

The Rise and Fall of God Pen Black, 2016-11-23 This book traces the origin of organized religion and its matriarch roots It shows how a Goddess name Typhon Sut was replaced by a male God and her believers were cast out of Egypt the true Exodus It also follows male dominated religions rise and the destruction in their path including Judaism Islam and Christianity And teaches man first and truest belief Know Thy Self

The Evolution of Religion Alex Shelby, 2014-02-11 The Evolution of Religion is exactly what the title suggests and beyond It traces religion s origins back to the first instincts of morality through the archaic blossoming of polytheism to the modern branching of creeds from the agnostic East to the monotheistic West It also conducts an in depth analysis of religion s organic and synthetic qualities The organic aspect is demonstrated through consistencies between biology and theology ranging from similarities in their tree of life diagrams to specific phylogenetic characteristics The synthetic facet is showcased through coinciding patterns with such manmade conventions as government culture economics and technology What isn t clearly revealed is a supernatural quality prompting us to delve into the psychology behind worship and why many of us are addicted to faith
