Reading Matters Joseph Tabbi, Michael Wutz, 2018-05-31 The convergence of twentieth century narrative and technology is one of the most important developments in current literary study A decade after the founding of the Society for Literature and Science and the appearance of such influential books as Kathleen Woodward's *Culture of Information* and William Paulson's *The Noise of Culture* Joseph Tabbi and Michael Wutz have edited a landmark volume to summarize this still emerging field Twelve original essays and the editors' introductory overview show how these theoretical concerns can contribute to the practical study of narrative *Reading Matters* covers the range of contemporary literature from the canonical novels of high modernism and postmodernism through subjects new to the academic agenda such as cyberpunk and hypertext fiction In an age that has proclaimed the death of the novel many times over the contributors argue persuasively for the continued vitality of literary narrative By responding in ingenious ways to the capabilities of other media they assert the novel has enlarged and redefined its territory of representation and its range of techniques and play while maintaining its viability in the new media assemblage

Reading Sartre Joseph S. Catalano, 2010-05-31 In this volume Joseph Catalano offers an in-depth exploration of Jean Paul Sartre's four major philosophical writings *Being and Nothingness* *Saint Genet Actor and Martyr* *The Critique of Dialectical Reason* and *The Family Idiot* These works have been immensely influential but they are long and difficult and thus challenging for both students and scholars Catalano here demonstrates the interrelation of these four works their internal logic and how they provide insights into important but overlooked aspects of Sartre's thought such as the body childhood and evil The book begins with Sartre's final work *The Family Idiot* and systematically works backward to *Being and Nothingness* Catalano then repeats the study by advancing chronologically beginning with *Being and Nothingness* and ending with *The Family Idiot* and an afterword on Flaubert's *Madame Bovary* Readers will appreciate Catalano's subtle readings as well as the new insights that he brings to Sartre's oeuvre
