The Circle Of Fire The Metaphysics Of Yoga:

The Circle of Fire P.J. Mazumdar, 2009-11-30 The Circle of Fire examines the eternal metaphysical questions What is God and What is the purpose of life The book discusses the answers to these questions given by Western science and different schools of Indian thought specifically detailing the answers to be found in India's two most developed atheistic traditions Hinduism and Buddhism Representative of a generation of Indians who have grown up with the best in scientific education and spiritual values author P J Mazumdar takes a hard look at religion science and how two seemingly divergent bodies of knowledge can be brought together Like Deepak Chopra a generation earlier Mazumdar is both a medical doctor and a member of a family steeped in Hindu tradition and is therefore well placed to elucidate ancient Indian philosophy to the modern analytical mind Acknowledging the metaphysical insights to be found in both Western science and Eastern spirituality Mazumdar pays special attention to the highest school of philosophy of Hinduism Advaita and its application to practical spirituality through the teachings and practice of Yoga The book takes its structure from the Vedas and is similarly divided into Jnanakanda Knowledge and Karmakanda Actions the first part examines the body of knowledge from European and Indian sources addressing the question of God and the second part looks at practical ways of applying this knowledge through different schools of Hindu and Buddhist philosophy The book explores the purest form of nondual Hindu philosophy Advaita and points out how the theories underpinning Buddhism and Advaita although they appear to contradict each other are the only theories that remain consistent with the findings of modern science The author makes the brave assertion that ultimately one or the other will be the theory realized by science as the ultimate metaphysical truth Like other books on the meeting of science and spirituality Fritzjof Capra's 80s classic *The Tao of Physics* and the necessity of a scientifically compatible notion of God Richard Dawkins' *The God Delusion* The Circle of Fire is ambitious in scope and a challenging rewarding read

The Serpent's Tale Sravana Borkataky-Varma, Anya Foxen, 2025-09-30 There is a standard narrative that recurs throughout popular writings on yoga and tantra from South Asian texts to Western esoteric thought Ku alin is the Serpent Power She rests coiled at the base of the spine If awakened this divine feminine energy rises toward the crown of the head Some are apprehensive of Ku alin s intense power fearing physical and psychological turmoil Others seek it out hungry for experiences both spiritual and sensual But what does this story leave out What are its cultural and historical roots What do the many ways of experiencing Ku alin tell us about this elusive phenomenon The Serpent s Tale traces the intricate global histories of Ku alin from its Sanskrit origins to its popularity in the West Sravana Borkataky Varma and Anya Foxen explore its symbolic link with the serpent its fraught connections to sexuality and its commercialization in the form of Ku alin yoga Ranging from esoteric texts to global gurus from the cliffs of California to the charnel grounds of Assam they show that there has never been one single authentic model of Ku alin but a multiplicity of visions Bridging the gaps between textual and historical analysis and the complexities of embodied practice Borkataky Varma and Foxen reflect on the narration and transmission of experiences including their own Lively accessible and nuanced The Serpent s Tale offers rich insights for scholars practitioners and all readers drawn to Ku alin

The World Who's who of Women ,1994 *Six Circles, One Dewdrop* Arthur H. Thornhill, 2017-03-14 Noh drama has long fascinated Westerners by its poetic excellence and its dramatic power To the student of medieval Japanese culture however noh writings especially dramaturgical treatises are also of immense value as monuments of culture To uncover the larger patterns of cultural discourse in these theoretical works Arthur Thornhill presents the first major study in English of the dramaturgical treatises of Komparu Zenchiku 1405 1468 son in law and pupil of the illustrious Zeami and a pivotal figure in the history of Japanese noh drama The book begins with annotated translations of two of Zenchiku s most important treatises which delineate a system of seven symbolic categories

called six circles and one dewdrop Especially significant are two commentaries appended to the first treatise and composed by the Buddhist prelate Shigyoku 1383 1463 and Ichijo Kaneyoshi 1402 1481 the renowned court official and scholar of native literature and the Chinese classics Together Zenchiku's symbolic system and the two commentaries reveal a microcosm of the intellectual and cultural dialogue among the dominant creeds of the Muromachi period Buddhism Confucianism and Shinto Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
