The Collaborative Habit Life Lessons For Working Together Twyla Tharp:

The Collaborative Habit Twyla Tharp, 2009-11-24 In a career that has spanned four decades choreographer Twyla Tharp has collaborated with great musicians designers thousands of dancers and almost a hundred companies She has experienced the thrill of shared achievement and has seen what happens when group efforts fizzle Her professional life has been and continues to be one collaboration after another In this practical sequel to her national bestseller *The Creative Habit* Tharp explains why collaboration is important to her and can be for you She shows how to recognize good candidates for partnership and how to build one successfully and analyzes dysfunctional collaborations And although this isn't a book that promises to help you deepen your romantic life she suggests that the lessons you learn by working together professionally can help you in your personal relationships These lessons about planning listening organizing troubleshooting and using your talents and those of your coworkers to the fullest are not limited to the arts they are the building blocks of working with others like if you're stuck in a 9 to 5 job and have an unhelpful boss Tharp sees collaboration as a daily practice and her book is rich in examples from her career Starting as a twelve year old teaching dance to her brothers in a small town in California and moving through her work as a fledgling choreographer in New York she learns lessons that have enriched her collaborations with Billy Joel Jerome Robbins Mikhail Baryshnikov Bob Dylan Elvis Costello David Byrne Richard Avedon Milos Forman Norma Kamali and Frank Sinatra Among the surprising and inspiring points Tharp makes in *The Collaborative Habit* Nothing forces change more dramatically than a new partnership In a good collaboration differences between partners mean that one plus one will always equal more than two A good collaborator is easier to find than a good friend If you've got a true friendship you want to protect that To work together is to risk it Everyone who uses e-mail is a virtual collaborator Getting involved with your collaborator's problems may distract you from your own but it usually leads to disaster When you have history you have ghosts If you're returning to an old collaboration begin at the beginning No evocation of old problems and old solutions Tharp's conclusion What we can learn about working creatively and in harmony can transform our lives and our world

The Nature and Nurturing of Collaboration Richard L. Hayes, 2024-04-30 *Nature and the Nurturing of Collaboration* tells the wondrous story of how the natural forces of biological evolution gave way to the co-evolution of genes and a nurturing culture that gave rise to us Several million years in the making collaboration is the story of human cultural evolution who we are how we came to be this way and how collaboration enabled humans to dominate the Earth Through a series of genetic accidents disruptive climatic events and changing social conditions humans emerged with a set of fortunate adaptations that enabled a general capacity for collaboration Richard L. Hayes explains how these adaptations enabled them to work as members of a cultural group in acts of collective intentionality Nurtured through the challenge and support offered by others in close social interaction these capacities enabled the collaborative process of adjusting behaviors and expectations in arriving at mutually determined solutions to mutually defined problems How adults can nurture these

capacities in children how organizations can improve members performance and how individuals can become better collaborators are discussed in this volume How building collaborative communities has advanced our mutual understanding across cultures and ensures that collaboration serves the public good offer a tentative end to the story

Artistic Collaboration Today Victor M. Cassidy, 2018-10-18 Most artists work alone but some find a creative partner and team up for their entire careers Artistic collaborators often testify that their work done jointly is better than what each person could create on his or her own They say this collaboration is like marriage in the way that both partners benefit from a commitment to shared goals excellent communication and trust Based on studio visits and in depth interviews this book reports on more than forty collaborating sculptors painters printmakers photographers architects and performers who have worked in tandem with other artists
