The Motivation to Work Bernard Mausner, Barbara Bloch Snyderman, 1993-01-01 When first published *Motivation to Work* challenged the received wisdom by showing that worker fulfillment came from achievement and growth within the job itself In his new introduction Herzberg examines thirty years of motivational research in job related areas Back cover

The Motivation to Work Frederick Herzberg, 1959 Using workers accounts of real events that have made them feel good or bad on the job Herzberg stimulated research and controversy that continue to the present day The authors surprisingly found that a poor work environment generated discontent but improved conditions seldom brought about improved attitudes Instead satisfaction came most often from factors intrinsic to work achievements job recognition and work that was challenging interesting and responsible Herzberg s strategy of job enrichment has widely influenced motivation and job design Copyright Libri GmbH All rights reserved
