of his life on the run and of the can't fail recipes for great Italian dishes whose ingredients can be bought in a small town supermarket when you're a thousand miles from an Italian grocery store in Little Italy and couldn't go there anyway since there's a contract out for you. These are meals you can't refuse. **Who Decides?** Nina Namaste, Marta Nadales, 2018-03-12

How is the meaning of food created, communicated and continually transformed? How are food practices defined, shaped, delineated, constructed, modified, resisted and reinvented by whom and for whom? These are but a few of the questions **Who Decides: Competing Narratives in Constructing Tastes** Consumption and Choice explores. Part I Taste Authenticity Identity explicitly centres on the connection between food and identity construction. Part II Food Discourses focuses on how food-related language shapes perceptions that in turn construct particular behaviours that in turn demonstrate underlying value systems. Thus, as a collection, this volume explores how tastes are shaped, formed, delineated and acted upon by normalising socio-cultural processes and in some instances how those very processes are actively resisted and renegotiated. Contributors are Shamsul AB Elyse, Bouvier Giovanna, Costantini Filip, Degreef Lis, Furlani Blanco Maria, Clara de Moraes Prata Gaspar, Marta Nadales Ruiz, Nina Namaste, Eric Olmedo, Hannah Petertil, Maria Jos Pires, Lisa Schubert, Brigitte S. Bastia, Keiko Tanaka, Preetha, Thomas, Andrea Wenzel, Ariel Weygandt, Andrea Whittaker and Minette Yao. **Interjections, Translation, and Translanguaging** Rosanna Masiola, 2018-12-05

This book is about interjections and their transcultural issues. Challenging the marginalization of the past, the ubiquity of interjections and translational practices are presented in their multilingual and cross-cultural aspects. The survey widens the field of inquiry to a multi-genre and context-based perspective. The quantitative corpus has been processed on the basis of topics of relevance and thematization. The range of examples varies from adaptation of novels into films from Shakespeare from Zulu oral epics to opera from children's narratives to cartoons from migration literature to gangster and horror films and their audiovisual translation. The use of American Yiddish, Italian, American South African English and Jamaican account for the controversial aspects of interjections as a universal phenomenon and conversely as a pragmatic marker of identity in post-colonial contexts. **Making Italian America** Simone Cinotto, 2021-05-20

Fourteen cultural history essays exploring the relationship between Italian Americans, consumer culture and the American identity. How do immigrants and their children forge their identities in a new land? And how does the ethnic culture they create thrive in the larger society? **Making Italian America** brings together new scholarship on the cultural history of consumption, immigration and ethnic marketing to explore these questions by focusing on the case of an ethnic group whose material culture and lifestyles have been central to American life: Italian Americans. As embodied in fashion, film, food, popular music, sports and many other representations and commodities, Italian American identities have profoundly fascinated, disturbed and influenced American and global culture. Discussing in fresh ways topics as diverse as immigrant women's fashion, critiques of consumerism in Italian immigrant radicalism, the Italian American influence in early rock'n'roll, ethnic tourism in Little Italy and Guido subculture, **Making Italian America** recasts Italian immigrants and their

children as active consumers who since the turn of the twentieth century have creatively managed to articulate relations of race gender and class and create distinctive lifestyles out of materials the marketplace offered to them The success of these mostly working class people in making their everyday culture meaningful to them as well as in shaping an ethnic identity that appealed to a wider public of shoppers and spectators looms large in the political history of consumption Making Italian America appraises how immigrants and their children redesigned the market to suit their tastes and in the process made Italian American identities a lure for millions of consumers Fourteen essays explore Italian American history in the light of consumer culture across more than a century long intense movement of people goods money ideas and images between Italy and the United States a diasporic exchange that has transformed both nations Simone Cinotto builds an analytical framework for understanding the ways in which ethnic and racial groups have shaped their collective identities and negotiated their place in the consumers emporium and marketplace Grounded in the new scholarship in transnational US history and the transfer of cultural patterns Making Italian America illuminates the crucial role that consumption has had in shaping the ethnic culture and diasporic identities of Italians in America It also illustrates vividly why and how those same identities incorporated in commodities commercial leisure and popular representations have become the object of desire for millions of American and global consumers This compelling and innovative volume captures the complexities of the pivotal role of consumption in the historical formation of transnational Italian American taste positing a distinctive diasporic consumer culture that continues its importance today Richly interdisciplinary the collection represents an exciting new resource for scholars and students alike Marilyn Halter Boston University **American Book Publishing Record** ,2002 *Quill & Quire* ,2006 *Tiempo de hoy* ,2002-10 *The Publishers Weekly* ,1988 *New York Magazine* ,1996-04-29 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Library Journal** ,1988-07
