La expedición narrativa Mary Heathcliff, Descubra cómo transformar una idea en una historia una historia en un libro y un libro en un sueño cumplido Escriba con claridad confianza y rumbo Una idea lo ronda Tal vez lo ha perseguido por semanas o quizá apenas es un susurro que nace y muere entre sus pensamientos Pero hay algo en ella una chispa una promesa que le dice que podrá convertirse en una gran historia El problema no es la inspiración sino el camino Por dónde empezar Cómo transformar esa intuición en un relato poderoso y bien escrito La expedición narrativa una travesía creativa es una guía clara motivadora y práctica para quienes desean escribir ficción narrativa pero no saben por dónde empezar Pensado especialmente para escritores novatos este libro lo acompaña paso a paso en el camino de construir una historia desde la chispa inicial hasta la publicación Con un enfoque estructurado en cuatro etapas planeación redacción edición y publicación este libro no solo ofrece estrategias y herramientas sino también aliento y claridad para atravesar los momentos de duda bloqueo o inseguridad Aquí encontrar preguntas clave técnicas narrativas ejemplos y recursos para diseñar personajes memorables escenas efectivas diálogos creíbles y tramas coherentes También se abordan los procesos de reescritura corrección beta preparación del manuscrito y decisión entre publicación tradicional o autopublicación todo explicado con rigor y cercanía Más que un manual técnico este libro es una invitación a descubrir su propia voz como narrador y a comprometerse con su proyecto de escritura desde un lugar posible y realista Sin fórmulas rígidas ni promesas vacías La expedición narrativa lo acompaña como un mapa y una brújula para recorrer el territorio de la ficción con seguridad y entusiasmo Si alguna vez pensó en escribir un cuento o una novela pero no se animó o no supo cómo comenzar este libro es para usted Porque la escritura no

es un don reservado a unos pocos es un camino que se recorre paso a paso y toda historia comienza con una decisión

knowledge systems based on the relationships between different beings both earthly and heavenly animal and plant have been central to the organization of knowledge since precolonial times The legacies of colonialism and the continuance of indigenous cultures make the Andes a unique place from which to think about art and social change as ongoing and as encompassing more than an exclusively human perspective Beyond Human revises established readings of the avant gardes in Peru and Bolivia as humanizing and historical By presenting fresh readings of canonical authors like César Vallejo José María Arguedas and Magda Portal and through analysis of newer artist activists like Julieta Paredes Mujeres Creando Comunidad and Alejandra Dorado Daly argues instead that avant gardes complicate questions of agency and contribute to theoretical discussions on vital materialisms the idea that life happens between animate and inanimate beings human and non human and is made sensible through art Published by Bucknell University Press Distributed worldwide by Rutgers University Press
