Bachman 1 Stephen King:

Roadwork Stephen King, Richard Bachman, 2025-10-23 Under any name King mesmerizes the reader Chicago Sun Times It s all coming to an end for Barton Dawes The city s Highway 784 extension is in the process of being constructed right across town and inexorably through every aspect of Bart s existence whether it s about to barrel over the laundry plant where he makes a living or soon to smash through the very home where he makes a life As a result something s been happening inside Bart s head that a heartless local bureaucracy isn t prepared for As the wheels of progress and a demolition crew continue unabated throughout Bart s neighbourhood he s not about to give everything up without a fight As a matter of fact he s ready and waiting to ignite an explosive confrontation with the legislative forces gathered against him *The Long Walk* Stephen King, Richard Bachman, 2025-08-28 Travel a road of horrors with Stephen King s alter ego Richard Bachman

Stephen King's Contemporary Classics Philip L. Simpson, Patrick McAleer, 2014-11-13 Many readers know Stephen King for his early works of horror from his fiction debut *Carrie* to his blockbuster novels *The Shining* *The Stand* and *Misery* among others While he continues to be a best selling author King s more recent fiction has not received the kind of critical attention that his books from the 1970s and 1980s enjoyed Recent novels like *Duma Key* and *12/22/63* have been marginalized and arguably cast aside as anomalies within the author s extensive canon In *Stephen King s Contemporary Classics: Reflections on the Modern Master of Horror* Philip L. Simpson and Patrick McAleer present a collection of essays that analyze assess and critique King s post 1995 compositions Purposefully side stepping studies of earlier work these essays are arranged into three main parts the first section examines five King novels published between 2009 and 2013 offering genuinely fresh scholarship on King the second part looks at the development of King s distinct brand of horror the third section departs from probing the content of King s writing and instead focuses on King s process By concentrating on King s most recent writings this collection offers provocative insights into the author s work featuring essays on *Dr Sleep* *Duma Key* *The Girl Who Loved Tom Gordon* *Joyland* *Under the Dome* and others As such *Stephen King s Contemporary Classics* will appeal to general fans of the author s work as well as scholars of Stephen King and modern literature **Roadwork**

Stephen King, 2016-04-26 Barton Dawes s unremarkable but comfortable existence suddenly takes a turn for the worst A new highway extension is being built right over the laundry plant where he works and right over his home Dawes isn t the sort of man who will take an insult of this magnitude lying down His steadfast determination to fight the inevitable course of progress drives his wife and friends away while he tries to face down the uncaring bureaucracy that has destroyed his life Publisher website [Everyday Evil in Stephen King's America](#) Jason S. Polley, Stephanie Laine Hamilton, 2024-06-03 This edited collection variously interrogates how everyday evil manifests in Stephen King s now familiar American imaginary an imaginary that increases the representational limits of both anticipated and experienced realism Divided into three parts I The Man II The Monster and III The Re mediator the book offers rigorous readings of evil realism and popular culture as

represented in a range of texts and paratexts from the King canon Rich with images a photo essay and appendices collecting classical texts and cultural detritus germane to King this book moves away from viewing King's work primarily through the lens of the American gothic and toward the realism that the suspense novelist's voice fictional and non and influence literary and popular indelibly continue to amplify all the while complicating the traditional divide between serious literature and popular fiction Stephen King remains perpetually popular And he is finally receiving the academic treatment he has craved since the early 1980s Yet still unexamined in the King critical canon is the suspense novelist's fascination with everyday evil Beyond rigorous interrogations of King's fictional depictions of everyday evil by an array of scholars of different ranks living around the world Canada Finland Hong Kong the UK the book replete with 20 images considers how King widens the parameters of literary production and appreciation An integral part of the Americana that King's five decades in the making canon configures of course includes King himself King has long made use of self referentiality in his fiction and nonfiction Some of his nonfiction several of our essays reveal recirculates in paratextual form as Prefatory Remarks to new novels or new editions of older ones The paratexts considered here both across the volume and in the appendices offer alternate ways by which to appreciate King and his sphere of influence literary and popular Said appendices are a grouping of King's paratexts on his writing as Bachman appearing here for the first time as a cohesive collection King's influence took off in the 1970s as is further explored in the book enveloping three part photo essay King's America America's King Stephen King Popular Culture since the 1970s About the transformative quality of everyday evil the photo essay tracks the cultural impacts of King first as an emerging author then a pop culture phenomenon and finally as an established American literary voice Everyday Evil in Stephen King's America is designed to appeal to teachers and students of American literature to Stephen King enthusiasts as well as to acolytes of Americana since the Vietnam War *Stephen King from A to Z* George Beahm, Beahm, 1998-09 Contains hundreds of alphabetically arranged entries that provide information about various aspects of the life and work of popular novelist Stephen King **Stephen King** Bev Vincent, 2022-09-13 Celebrate the King of Horror's 75th birthday with Stephen King which explores the connections between Stephen King's life and his body of work

reality begins These kinds of horror stories comprise the understudied subgenre of liminal horror As the first book on this subject this volume surveys a variety of liminal horror films It discusses the different variations within liminal horror s sub genres and considers why horror films are obsessed with the natures of and borders between fiction and reality After first laying out the basic traits of the horror genre in the context of liminality this book then dives into film more specifically and how the medium is uniquely situated to explore the movement between the fictional and the real Through lenses such as dreaming memory and perception the following chapters explore the role liminal horror plays in the the human psyche s subconscious unconscious and the various functions of the human mind in perceiving or misperceiving reality **Let Us**
