The Confessions of Saint Augustine is considered to be the greatest Christian classic. Augustine's notorious life before his baptism raised questions about the genuineness of his conversion. It is his honest struggle with the faith which has given The Confessions such timeless appeal over the last sixteen centuries. Augustine's Confessions is more than mere autobiography for it is also an impassioned admission of past mistakes confession at a level most might think of it and praise of God confession of another sort that of love and awe. Given his checkered past Augustine addressed the concerns of those who doubted the sincerity of his conversion to Christianity and his claim to the post of bishop of Hippo Regius in North Africa. Thus the text made up of 13 chapters called books serves as an apologia formal written defense as well as a hortatory inspiration to others who have not yet converted. Influenced by the Christian approach to reading sacred text as the living Word of God lectio divina The Confessions also require a deeper reading than readers may be accustomed to. Lectio divina

rooted in monastic practices of the 4th century AD is prayerful and approaches a text with a fourfold reading process read reflect meditate pray and rest in God's presence and resolve to grow and change in this new understanding Augustine's great work has impacted not only theology but also philosophy especially in discussion of time and memory

The Confessions of Saint Augustine is considered one of the greatest Christian classics of all time It is an extended poetic passionate intimate prayer that Augustine wrote as an autobiography sometime after his conversion to confess his sins and proclaim God's goodness Just as his first hearers were captivated by his powerful conversion story so also have many millions been over the following sixteen centuries His experience of God speaks to us across time with little need of transpositions This acclaimed new translation by Sister Maria Boulding O S B masterfully captures his experience and is written in an elegant and flowing style Her beautiful contemporary translation of the ancient Confessions makes the classic work more accessible to modern readers Her translation combines the linguistic accuracy demanded by 4th century Latin with the poetic power aimed at by Augustine not as discernable in previous translations Although autobiographical narrative makes up much of the first 9 of the 13 books of Augustine's Confessiones c 400 Confessions autobiography is incidental to the main purpose of the work For Augustine confessions is a catchall term for acts of religiously authorized speech praise of God blame of self confession of faith The book is a richly textured meditation by a middle aged man Augustine was in his early 40s when he wrote it on the course and meaning of his own life The dichotomy between past odyssey and present position of authority as bishop is emphasized in numerous ways in the book not least in that what begins as a narrative of childhood ends with an extended and very churchy discussion of the book of Genesis the progression is from the beginnings of a man's life to the beginnings of human society

Augustine's Confessions Garry Wills,2011-02-07 From Pulitzer Prize winner Garry Wills the story of Augustine s Confessions In this brief and incisive book Pulitzer Prize winning historian Garry Wills tells the story of the Confessions what motivated Augustine to dictate it how it asks to be read and the many ways it has been misread in the one and a half millennia since it was composed Following Wills s biography of Augustine and his translation of the Confessions this is an unparalleled introduction to one of the most important books in the Christian and Western traditions Understandably fascinated by the story of Augustine s life modern readers have largely succumbed to the temptation to read the Confessions as autobiography But Wills argues this is a mistake The book is not autobiography but rather a long prayer

suffused with the language of Scripture and addressed to God not man Augustine tells the story of his life not for its own significance but in order to discern how as a drama of sin and salvation leading to God it fits into sacred history We have to read Augustine as we do Dante Wills writes alert to rich layer upon layer of Scriptural and theological symbolism Wills also addresses the long afterlife of the book from controversy in its own time and relative neglect during the Middle Ages to a renewed prominence beginning in the fourteenth century and persisting to today when the Confessions has become an object of interest not just for Christians but also historians philosophers psychiatrists and literary critics With unmatched clarity and skill Wills strips away the centuries of misunderstanding that have accumulated around Augustine's spiritual classic

You Converted Me Saint Augustine (of Hippo), 2006 Augustine's Confessions has never been as accessible or relevant to young adult readers than it is now This modern day translation includes an Introduction and over 70 annotations to aid young adults in approaching this spiritual classic for the first time
