Yost, 2017-09-21 In the spirit of Cyril Barber's classic work from the 1970s *The Minister's Library* Robert Yost provides students and pastors with expert guidance on building a working ministerial library From Old and New Testament languages lexical aids and grammatical tools to commentaries and theologies as well as pastoral resources Yost is a trustworthy guide through the multiplicity of books that seem to just keep rolling off the presses Far more than just a guide to commentaries as are so many works today this resource is a balanced pastoral tool for pastors and students who are overwhelmed by the proliferation of literature in the fields of biblical and pastoral studies

A Theology of Matthew's Gospel Michael J. Wilkins, 2025-10-07 A Theology of Matthew's Gospel develops the perspective that Matthew wrote his Gospel to identify defend and proclaim Jesus Immanuel God with us as the Davidic Messiah who fulfilled the OT expectations of humanity's redemption Matthew's Gospel establishes Jesus's identity as the heir to the promises of Israel's throne through King David and heir to the promises of blessing to all the nations through the patriarch Abraham 1 1 So this first Gospel offers evangelistic hope in Jesus's message of the gospel to Jews contending that they should turn to Jesus as their long awaited Messiah Matt 11 2 6 But strikingly Matthew's Gospel also offers evangelistic hope to Gentiles emphasizing that salvation through Jesus Messiah is available to all the nations 28 19 The book emphasizes the three horizons that comprise Matthew's gospel history theology and literature The first horizon focuses on Jesus's history ministry Here Matthew provides for us a record of God's activities in history in the arrival of Jesus Messiah and the kingdom of heaven The second horizon develops Matthew's theological perspective for his audience's Here we attempt to understand and isolate Matthew's unique theological perspective of God's activities in Jesus Messiah This is a central focus emphasizing Matthew's theological perspective of the Old Testament Christology the kingdom of heaven discipleship the Church church Israel past present and future the death and resurrection of Jesus mission commission and eschatology eternity The third horizon emphasizes today's reader's engaging with Matthew's Gospel as literature Here we attempt to capture the significance of the perspective of today's reader's understanding of Jesus Messiah's activities in history and Matthew's theological perspective for the contemporary church In this book we view Matthew's perspective of God's activities in Jesus's unfolding earthly ministry The alternating sections of narrative and discourse provide for his readers Jesus's example to follow and Jesus's words to obey Therefore Matthew's Gospel is at least in a part a manual on discipleship to Jesus Messiah in the kingdom of heaven In the six Narratives Matthew reveals Jesus's true identity in his deeds and introduces themes that will lead to instructions to Jesus's disciples in the Discourses The six Narratives provide the example that Jesus's disciples are commanded to obey In the five Discourses Matthew records Jesus's instructions commands parables directives and prophecies that will guide his followers in their discipleship to Jesus until the end of the age Combined the narratives of Jesus's life provide Jesus's example to follow and the discourses give Jesus's instructions to obey and are the basis of our ongoing transformation to become like Jesus

Four Views on Hell William V.

Crockett, William Crockett, Stanley N. Gundry, 1996 Four views on what the Scriptures contain regarding the nature of hell are presented in this guide to widely debated biblical interpretation Three Views on the Rapture Craig A.

Blaising, Douglas J. Moo, 2018-06-26 The rapture or the belief that Jesus living followers will at some point join him forever while others do not is an important but contested doctrine among evangelicals Scholars generally hold one of three perspectives on the timing and circumstances of the rapture all of which are presented in this important volume of the Counterpoints series Three Views on the Rapture Alan D Hultberg PhD Trinity International University and professor of New Testament at Talbot School of Theology explains the Pre Wrath view Craig Blaising PhD Dallas Theological Seminary and president of Southwestern Baptist Theological Seminary defends the Pre Tribulation view Douglas Moo PhD University of St Andrews and professor of New Testament at Wheaton College sets forth the Post Tribulation view Each author provides a substantive explanation of his position which is critiqued by the other two authors A thorough introduction gives a historical overview of the doctrine of the rapture and its effects on the church The interactive and fair minded format of the Counterpoints series allows readers to consider the strengths and weaknesses of each view and draw informed personal conclusions **Martin Scorsese's Divine Comedy** Catherine O'Brien, 2018-05-17 Catherine O'Brien draws on the structure of Dante Alighieri's Divine Comedy to explore Martin Scorsese's feature films from Who's That Knocking at My Door 1967 69 to Silence 2016 This is the first full length study to focus on the trajectory of faith and doubt during this period taking very seriously the oft quoted words of the director himself My whole life has been movies and religion That's it Nothing else Films discussed include GoodFellas The Last Temptation of Christ Taxi Driver and Mean Streets as well as the more recent The Wolf of Wall Street In Dante's poem in 100 cantos the Pilgrim is guided by the poet Virgil down through the circles of Hell in Inferno he then climbs the steep Mountain of the Seven Deadly Sins in Purgatory and he finally encounters God in Paradise Embracing this popular analogy this study envisions Scorsese as a contemporary Dante with his filmic oeuvre offering the dimensions of a cinematic Divine Comedy Drawing on debates at the heart of religious studies theology literature and film this book goes beyond existing explorations of religion in Scorsese's work to address issues of sin and salvation within the context of wider debates in eschatology and the afterlife Themelios, Volume 37, Issue 2 D. Second Thoughts about the Second Coming Ronald J. Allen, Robert D. Cornwall, 2023-02-28 Various ideas float around about the subject of last things leading many Christians to conclude that they don t know what to think about the subject Yet at the core of the Christian doctrine of last things lies two simple and complementary hopes that God ever and always offers hope for our individual futures and for the future of the whole world In this helpful book Allen and Cornwall explain how we don t have to subscribe to sensationalist theories or sketchy interpretations to believe in Christian hope They walk the reader through the central biblical teachings on last things and then show the ways the church has interpreted those teachings throughout the centuries In a respectful way the authors demonstrate that end time beliefs centered on the Rapture came into existence only recently and they then offer several more life affirming contemporary interpretations as alternatives The book includes a study guide and web based appendixes designed to help pastors develop both topical and lectionary based sermon series on Christian hope

Atonement and the Logic of Resurrection in Hebrews 9:27-28 William W. Henry, 2024-09-05 The general believer waiting for salvation by Jesus hopes to see him appear while living or promptly at death Comfort during loss of life usually portrays those passing now in heaven Conversely the more religiously academic the less one thinks anyone ever goes to heaven Trained scholars typically choose a closed heaven with temporal delays and spatial detours in limitation of God s promises about so great salvation Better typically perceives as a resuscitated flesh on earth that lives by decay of the surrounding creation Hearing word meaning by mapping creation with an old first century option for plural heavens this project reexamines the conversation

recommended by the pastor in the letter to the Hebrews about promises regarding the twofold ministry of Christ By analysis with current study tools the conversation both challenges the common academy views and reintroduces a first century hearing option for God s speech concerning prompt postmortem Christ fulfillment into heaven Listening includes the milk of the beginning teaching requirements for atonement and logic of resurrection to God immediately after death and judgment Hearing senses the solid food about priestly intercession by Jesus after death at judgment to shepherd his believers for salvation into heaven a very little while after individual death and judgment Christianity: A Brief Survey Michael D. Robinson,2022-05-13 Christianity is a way of life centered on the person life teaching death and resurrection of Jesus the Christ As a religious way of life Christianity is multifaceted involving numerous beliefs and practices This book explores many of the varied facets of the Christian faith including its foundations in the story of Israel the person of Jesus the early Christian community and the sacred text called the Bible In turn Robinson s book examines Christianity s core doctrines ethical norms and worship practices rounding out the study by considering four key contemporary challenges faced by Christian believers namely the problem of evil the relationship of Christianity to other religions and to science and the role of women in church and society Among the strengths of this book is that it addresses these multiple features of Christianity in a single volume it is aptly titled Christianity A Brief Survey *The Command to Exterminate the Canaanites: Deuteronomy 7* Arie Versluis,2017-02-20 According to Deuteronomy 7 God commands Israel to exterminate the indigenous population of Canaan In *The Command to Exterminate the Canaanites Deuteronomy 7* Arie Versluis offers an analysis and evaluation of this command Following an exegesis of the chapter the historical background possible motives and the place of the nations of Canaan in the Hebrew Bible are investigated The theme of religiously inspired violence continues to be a topic of interest The present volume discusses the consequences of the command to exterminate the Canaanites for the Old Testament view of God and for the question whether the Bible legitimizes violence in the present Finally the author shows how he reads this text as a Christian theologian *Forthcoming Books* Rose Arny,2000 Two Views of Hell Edward William Fudge,Robert A. Peterson,2000-04-10 Here you ll find a frank debate between Edward William Fudge and Robert A Peterson who present strong theological and scriptural evidence for two opposing views of the nature of hell *Subject Guide to Books in Print* ,1991 Rethinking Hell Christopher M. Date,Gregory Stump,Joshua Anderson,2014-04-15 Most evangelical Christians believe that those people who are not saved before they die will be punished in hell forever But is this what the Bible truly teaches Do Christians need to rethink their understanding of hell In the late twentieth century a growing number of evangelical theologians biblical scholars and philosophers began to reject the traditional doctrine of eternal conscious torment in hell in favor of a minority theological perspective called conditional immortality This view contends that the unsaved are resurrected to face divine judgment just as Christians have always believed but due to the fact that immortality is only given to those who are in Christ the unsaved do not exist forever in hell Instead they face the punishment of the

second death an end to their conscious existence This volume brings together excerpts from a variety of well respected evangelical thinkers including John Stott John Wenham and E Earl Ellis as they articulate the biblical theological and philosophical arguments for conditionalism These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell

The Dark Side of Destiny J. Gregory Crofford, 2013-11-14 Discussion of Hell is hotter than ever Yet for all the attention the topic has drawn few are the resources that provide an overview of the major points in dispute without bogging down in detail The Dark Side of Destiny Hell Re examined is an excellent primer yet goes beyond a mere description of options Dr Crofford weighs various views of Hell in the light of Scripture and finds them wanting In the end he champions a neglected view of last things that both responds better to the preponderance of biblical evidence and safeguards the character of God as equitable holy and loving With probing discussion questions at the end of short chapters The Dark Side of Destiny is ideal for Bible studies Sunday school classes or small groups

Hell Under Fire Zondervan, 2009-08-08 Of all the teachings of Christianity the doctrine of hell is easily the most troubling so much so that in recent years the church has been quietly tucking it away Rarely mentioned anymore in the pulpit it has faded through disuse among evangelicals and been attacked by liberal theologians Hell is no longer only the target of those outside the church Today a disturbing number of professing Christians question it as well Perhaps more than at any other time in history hell is under fire The implications of the historic view of hell make the popular alternatives annihilationism and universalism seem extremely appealing But the bottom line is still God's Word What does the Old Testament reveal about hell What does Paul the apostle have to say or the book of Revelation Most important what does Jesus the ultimate expression of God's love teach us about God's wrath Upholding the authority of Scripture the different authors in Hell Under Fire explore a complex topic from various angles R Albert Mohler Jr provides a historical theological and cultural overview of The Disappearance of Hell Christopher Morgan draws on the New Testament to offer three pictures of hell as punishment destruction and banishment J I Packer compares universalism with the traditional understanding of hell Morgan does the same with annihilationism and Sinclair Ferguson considers how the reality of hell ought to influence preaching These examples offer some idea of this volume's scope and thoroughness Hell may be under fire but its own flames cannot be quenched by popular opinion This book helps us gain a biblical perspective on what hell is and why we cannot afford to ignore it And it offers us a better understanding of the One who longs for all people to escape judgment and obtain eternal life through Jesus Christ
