Discovering Psychology 6th Edition Citation:

Discovering Psychology Don H. Hockenbury, Sandra E. Hockenbury, 2010-01-27 A multimedia enhanced eBook integrates the text a rich assortment of media powered learning opportunities and a variety of customization features for students and instructors Worth s acclaimed eBook platform was developed by a cognitive psychologist Pepper Williams Ph D Yale University who taught undergraduate psychology at the University of Massachusetts **Exploring Psychology, Sixth Edition, in Modules** David G. Myers, 2004-12-07 The success of the modular version of David Myers s bestselling brief text Exploring Psychology proves the author s longheld belief supported by independent research that for a number of students a text comprised of 45 15 page chapters is more effective than one of 15 45 page chapters Exploring Psychology Sixth Edition in Modules includes all the features and up to date content of the current edition of Exploring Psychology organized into 45 modules It is accompanied by its own expansive variety of media and supplements similar to the Exploring Psychology package also reorganized to match the modular format This is NOT a brief version of Psychology Seventh Edition in Modules Rather this text is a MODULARIZED version of Exploring Psychology Sixth Edition **Exploring Psychology, Sixth Edition, in Modules Study Guide** Richard O. Straub, 2004-12-06 For every major content section longtime author Richard Straub has divided each module by major topic each section includes a Preview objectives that require short answers and Stepping Through the Section which include detailed fill in the blank questions The Study Guide also includes self tests critical thinking exercises vocabulary and language activities Internet activities and crossword puzzles **Exploring Psychology Study Guide** Richard O. Straub, 2004-03-31 This study guide for David Myers best selling text for introductory psychology courses is compelling and concise with a global perspective on psychology This edition has been thoroughly updated and includes new features and a media supplements package **The Discovery of Mind** Ardi Roelofs, 2024-10-18 This book presents a concise history of the scientific discovery of the mind Although people have speculated about the nature and functioning of their minds for thousands of years it was only about 200 years ago that they replaced the philosophical armchair with the laboratory and began to investigate the mind scientifically Surprisingly the work of one of the founders of scientific psychology Wilhelm Wundt 1832 1920 has been largely forgotten despite its relevance to current psychology Taking a fresh look at history this book discusses important empirical and theoretical discoveries made in the few decades before and in the 150 years after the publication of Wundt s groundbreaking monograph Grundz ge der physiologischen Psychologie in 1874 Crucial evidence from past behavioral and patient studies to recent neuroimaging is synthesized to support a thought provoking account of key aspects of the human mind **Exploring Psychology in Modules** David G. Myers, C. Nathan DeWall, 2018-10-12 Do you want your students to engage with and retain psychology s key principles and to work toward becoming better students and better people in the process The modular version of the best selling Exploring Psychology offers creative ways to help make it happen The new edition of Exploring Psychology in Modules offers

outstanding currency on the research practice and teaching of psychology Myers and DeWall inspire students with fascinating findings and applications effective new study tools and technologies and a compassionate and compelling storytelling voice Their presentation is based on the same guiding principles that made David Myers the world's bestselling introductory psychology author Facilitate learning by teaching critical thinking and helping students at every step Present psychology as a science emphasizing the process of inquiry and putting facts in the service of concepts Make sure students come away with an appreciation of psychology's big ideas and with a deeper respect for humanity what drives us distinguishes us unifies us *Exploring Psychology, Eighth Edition, In Modules* David G. Myers, 2010-07-08 Exploring Psychology Eighth Edition in Modules is the modular version of the 1 bestselling brief introduction to psychology David Myers's Exploring Psychology All the Myers hallmarks are here the captivating writing coverage based on the latest research helpful pedagogical support in a format that delivers the utmost in student accessibility and teaching flexibility

Handbook of Research on Study Abroad Programs and Outbound Mobility Velliari, Donna M., Coleman-George, Deb, 2016-08-24 Millions of students seek short and long term study abroad options every year and this trend is a key illustration of the internationalization of higher education Because a global perspective has become mandatory in the largely globalized workforce many institutions look to study abroad programs to prepare their students This outbound mobility has the potential to contribute to greater understanding between cultures countries and individuals The Handbook of Research on Study Abroad Programs and Outbound Mobility offers a comprehensive look into motivations for and opportunities through all forms of outbound mobility programs By providing empirically based research this publication establishes the benefits difficulties and rewards of building a framework to support international students and programs It is an invaluable resource for academics students policy makers course developers counselors and cross cultural student advisors
