case for its social and political significance Contributors examine the sweeping influence of spirituality on a variety of realms including health care and therapeutic practice popular culture civic engagement public protest conspiracy culture and progressive politics Leveraging cutting edge quantitative and qualitative data this authoritative book makes clear that far from being marginal and inconsequential spirituality holds profound public importance today **The Reiki Bible** Eleanor McKenzie,2009 Reiki practitioners have unlimited access to healing energy for themselves and others For this reason it has quickly spread across the globe as people use it to cure ills soothe emotions and live the life they want The Reiki Bible provides a comprehensive stunningly designed guide to this ancient spiritual system It covers Reiki s origins and development the energy and body systems and the three levels of Reiki All the hand positions appear in easy to follow captioned photographs and there s advice on using Reiki for friends and family at all life stages for health and well being for alleviating common conditions and in tandem with other therapies The Healing Gods Candy Gunther Brown,2013-07-30 The question typically asked about complementary and alternative medicine CAM is whether it works However an issue of equal or greater significance is why it is supposed to work The Healing Gods Complementary and Alternative Medicine in Christian America explains how and why CAM entered the American biomedical mainstream and won cultural acceptance even among evangelical and other theologically conservative Christians despite its ties to non Christian religions and the lack of scientific evidence of its efficacy and safety Before the 1960s most of the practices Candy Gunther Brown considers yoga chiropractic acupuncture Reiki Therapeutic Touch meditation martial arts homeopathy anticancer diets were dismissed as medically and religiously questionable These once suspect health practices gained approval as they were re categorized as non religious though generically spiritual health care fitness or scientific techniques Although CAM claims are similar to religious claims CAM gained cultural legitimacy because people interpret it as science instead of religion Holistic health care raises ethical and legal questions of informed consent consumer protection and religious establishment at the center of biomedical ethics tort law and constitutional law The Healing Gods confronts these issues getting to the heart of values such as personal autonomy self determination religious equality and religious voluntarism Education of Cancer Healing Vol. III - Ancients Peter Havasi, **Reiki** Robert Levy,2013-11-29 Do you think Universe in her ultimate wisdom would present humanity with the wonderful gift of Reiki and then dictate that everyone use it and practice it in the exact same way For the author the answer is no Each of us is an individual and when transmitting Reiki the Universal Life Force Energy must take into account our individual differences Reiki is not a static energy but a fluid one For the author Reiki is a personal healing system based on his relationship with Universe and the gift she gave him And her gift is not a generic one It is a personal one That is the reason this book was written to show the reader how to connect directly with the Reiki Energy and claim the personal gift the author believes you are entitled to **Claiming Knowledge** Olav Hammer,2021-11-08 This volume deals with the transformation of unchurched religious creativity in the late modern West It analyzes the ways in which the advance
