The God Like Powers Series-Volume 1-Bundle Martin K. Ettington, When dealing with Metaphysics and the Paranormal, there are no degrees or certified experts. Each person writing on these subjects has developed their expertise through their experiences, personal research, and learning over many years. This compilation combines the first five books of my God Like Powers Series into one Bundle: Human Invisibility, Invulnerability, and Shielding, Teleportation, Psychokinesis, Our Energy Body, Auras, and Thoughtforms. The overall approach is to introduce each subject, provide some background and history, and then to provide specific ideas, recommendations, and advice on how to achieve the theme of the book. This compilation is designed to show my overall beliefs and recommendations on several subjects. One of these core beliefs is that we all have a core of the universal spirit inside each of us. That by learning to be centered in this spirit, we improve our happiness, health, and ability to do things which might be considered supernatural or impossible. I hope this compilation provides each reader with some insights which will help improve their lives overall.
