The Claim Of Crofting The Scottish Highlands And:

The Claim of Crofting James Hunter,1991 Scotland's crofters have had to fight hard to retain both their land and their way of life In the nineteenth century their enemies were the landlords who regularly forced them from their crofts Twentieth century threats to crofting have been more insidious but every bit as real *Last of the Free* James Hunter,2011-03-25 Written by award winning Scottish historian James Hunter this groundbreaking and definitive account reveals how the Highlands and Islands of Scotland have evolved from a centre of European significance to a Scottish outpost Never before has the history of the region been recounted so comprehensively and in so much fascinating often moving detail But this book is not simply the story of humanity's millennia long involvement with one of the world's most spectacular localities It is also a major contribution to present day debate about how Scotland and Britain should be organised Landscapes of Protest in the Scottish Highlands after 1914 Iain J.M. Robertson,2016-04-15 In November 1918 the implementation of agrarian change in the Scottish Highlands threatened another wave of unemployment and eviction for the land working population which led to widespread and varied social protest Those who had been away on war service and their families faced returning to exactly the same social and economic conditions in the Scottish Highlands they had hoped they had left behind in the struggle to make a land fit for heroes Widespread and varied social protest rapidly followed It argues that previously there has been a failure to capture fully the geography chronology typology and rate of occurrence of these events The book not only offers new insights and a greater understanding of what was happening in the Highlands in this period but illustrates how a range of forms of protest were used which demand attention not least for the fact that these events unlike most of the earlier Land Wars period were successful There are functioning townships in the Highlands today that owe their existence to the land invasions of the 1920s The book innovatively concentrates on formulating explanation and interpretation from within and looks to the crofting landscape as base means and motive to disturbance and interpretation It proposes that protest is much more convincingly understood as an expression of environmental ethics from the bottom up coming increasingly into conflict with conservationist views expressed from the top down It focuses on individual case studies in order to engage more convincingly with an important evidential base that of popular memory of land disturbances and to adopt a frame and lens through which to explore the fluid and contingent nature of protest performances Based upon the belief that in the study of landscapes of social protest the old shibboleth of space as solely passive setting and symbolic register is no longer tenable is paid here to nature culture interactions to vernacular ecological b *Spatializing the History of Ecology* Raf de Bont,Jens Lachmund,2017-06-26 This book advances a spatial perspective on the history of ecology Intrigued by broader debates in the humanities on the spatial turn the authors contribute to a more explicit and systematic development of spatial thinking in the history of ecology exploring to which extent a spatial perspective can shed new light on the history of ecological science and using ecology as a critical site to gain broader insights into the history of the environment in the nineteenth and twentieth

centuries **Scottish Exodus** James Hunter, 2011-03-25 Millions of Scots have left their homeland during the last 400 years Until now they have been written about in general terms Scottish Exodus breaks new ground by taking particular emigrants drawn from the once powerful Clan MacLeod and discovering what happened to them and their families These people became among other things French aristocrats Polish resistance fighters Texan ranchers New Zealand shepherds Australian goldminers Aboriginal and African American activists Canadian mounted policemen and Confederate rebels One nineteenth century MacLeod even went so far as to swap his Gaelic for Arabic and his Christianity for Islam before settling down comfortably in Cairo This gripping account of Scotland's worldwide diaspora is based on unpublished documents letters and family histories It is also based on the author's travels in the company of today's MacLeods some of them still in Scotland others further afield Scottish Exodus is a tale of disastrous voyages famine and dispossession the hazards of pioneering on faraway frontiers But it is also the moving story of how people separated from Scotland by hundreds of years and thousands of miles continue to identify with the small country where their journeyings began **Devolution and the Scottish**

Conservatives Alexander Smith, 2013-07-19 This highly readable book is a unique ethnographic study of devolution and Scottish politics as well as party political activism more generally Available in paperback for the first time it explores how Conservative Party activists who had opposed devolution and the movement for a Scottish Parliament during the 1990s attempted to mobilise politically following their annihilation at the 1997 General Election It draws on fieldwork conducted in Dumfries and Galloway a former stronghold for the Scottish Tories to describe how senior Conservatives worked from the assumption that they had endured their own crisis in representation The material consequences of this crisis included losses of financial and other resources legitimacy and local knowledge for the Scottish Conservatives This book ethnographically describes the processes practices and relationships that Tory Party activists sought to enact during the 2003 Scottish and local government elections Its central argument is that having asserted that the difficulties they faced constituted problems of knowledge Conservative activists cast to the geographical and institutional margins of Scotland became banal activists Believing themselves to be lacking in the data and information necessary for successful mobilisation during Parliamentary elections local Tory Party strategists attempted to address their knowledge crisis by burying themselves in paperwork and petty bureaucracy **On the Other Side of Sorrow** James Hunter, 2014-07-03 Caring for the environment developing rural

communities and ensuring the survival of minority cultures are all laudable objectives but they can conflict and nowhere more so than the Scottish Highlands As environmentalists strive to preserve the scenery and wildlife of the Highlands the people who belong there and who have their own claims on the landscape question this threat to their culture which dates back thousands of years In this acclaimed and thought provoking book James Hunter examines the dispute between Highlanders who developed a strong environmental awareness countless generations before other Europeans and conservationists whose thinking owes much to the romantic ideals of the nineteenth century More than that he also suggests

a new way of dealing with the problem advocating drastic land use changes and the repopulation of empty glens an approach which has worldwide implications

Modern Scottish History: 1707 to the Present Anthony Cooke, Ian Donnachie, Ann MacSween, Christopher A. Whatley, 2008-01-28 This is the second volume of a distance learning history of Scotland course This book covers 1850 to the present The 26 major topics are covered in five books designed for self study and written to accompany the course These volumes are two tutorial volumes two volumes of reprinted articles and essays and a volume of documents The first half of the course covers the period 1707 to 1850 Beginning with the Union of 1707 and Jacobitism the course considers topics including industrialization politics religion the environment class demography and culture as well as looking at the differences between Highland and Lowland society and economy The project team for this part of the course includes C G Brown G Carruthers A J Cooke I Donnachie W H Fraser M T G Fry B Harris A I Macinnes I Maver T C Smout N L Tranter C A Whatley I D Whyte and D J Withrington The period 1850 to the present is covered in the second half of the course Again a wide range of topics is studied and some topics such as industrialization demography urbanization religion class education culture and Highland and Lowland society is continued The project team for this second part of the course includes R D Anderson R Anthony C G Brown E A Cameron R J Finlay J O Foster C Harvie W Kenefick R A Lambert I Levitt A J MacIvor R J Morris and P L Payne

Cultural Change And The New Europe Thomas M. Wilson, 2019-03-08 Politicians can negotiate currency disputes redraw national boundaries and raise trade tariffs but what unforeseen problems may be caused by the melding of societal boundaries and the lowering of cultural tariffs Originating from a range of nationalities and ethnic groups the contributors to this volume focus on cultural and social processes of

Whaur Extremes Meet Catriona M.M. MacDonald, 2009-10-30 On the cusp of memory and history the story of Scotland s twentieth century is contested territory international yet parochial prosperous yet ailing and passionate yet temperate This thematic account of Scotland s twentieth century examines the economic social political and cultural aspects that shaped the country during the period Catriona MacDonald underlines the tensions inherent in the life of a nation distinguished by stark changes and surprising continuities a fragmented identity a shifting and at times uneasy accommodation in the UK nation state and an ongoing engagement with globalising tendencies In identifying the choices ambitions possibilities and contradictions that Scotland experienced during a century of profound change she uncovers a country in which one can truly say extremes met

Border Straddling Heritages Ali Mozaffari, David C. Harvey, 2025-11 In this geographically wide

ranging reassessment of the overlap between borders and heritage Ali Mozaffari and David C Harvey interrogate how hyperglobalization has simultaneously challenged and intensified notions of sovereignty and nationality advancing a theory of heritage that recognizes its potential for simultaneously reflecting upon and generating borders

Brexit and Beyond: Nation and Identity Daniela Keller, Ina Habermann, 2021-03-08 This volume explores the cultural significance of Brexit situating it in debates about nation and identity Contributors to this collection seek to contextualize Britain's decision to leave the EU and to assess its reverberations in language literature and culture Addressing such aspects as British exceptionalism myth making medievalism and nostalgia contributions range from travelogues Ladybird books and rural cinema going to ageing An important focus lies on marginalized groups and geographical fringes as contributors attend to the Irish situation and the scarcity of EU migrants in Brexit literature BrexLit Finally two essays widen the perspective to assess American parallels to the discourses about a Brexit that is still far from done

Heritage, Museums and Galleries Gerard Corsane, 2005 This reader provides a starting point and introductory resource for anyone wishing to engage with certain key issues relating to the heritage museums and galleries sector

Social Relations and the Life Course G. Allan, G. Jones, 2016-01-28 This collection of essays represents some of the most important recent research into changing patterns of family household and community life It brings together some of the leading sociologists in the field to explore how these informal social relationships change over time and the life course It will be essential reading on courses concerned with the family and youth sociology

Pabay Christopher A. Whatley, 2019-07-18 The tiny diamond shaped island of Pabay lies in Skye's Inner Sound just two and a half miles from the bustling village of Broadford One of five Hebridean islands of that name it derives from the Norse *papa ey* meaning island of the priest Many visitors since the first holy men built their chapel there have felt that Pabay is a deeply spiritual place and one of wonder These include the great 19th century geologists Hugh Miller and Archibald Geikie for whom the island's rocks and fossil laden shales revealed much about the nature of Creation itself Len and Margaret Whatley moved to Pabay from the Midlands and lived there from 1950 until 1970 Leaving a landlocked life in Birmingham for the emptiness of an uninhabited island was a brave and challenging move for which nothing could have prepared them Christopher Whatley their nephew was a regular visitor to Pabay whilst they lived there In this book based on archival research oral interviews memory and personal experience he explores the history of this tiny island jewel and the people for whom it has been home to create a vivid picture of the trials tribulations and joys of island life

Rural Entrepreneurship Gary Bosworth, Polly Chapman, Robert Newbery, Artur Steiner, Don J Webber, 2025-02-19 *Rural Entrepreneurship Harvesting Ideas and Sowing New Seeds* examines what we have learnt about different aspects of rural entrepreneurship and what still needs to be understood

Culloden And The Last Clansman James Hunter, 2011-09-30 An armed uprising A conspiracy An assassination A hanging These events starting with the crushing of Jacobite rebels at Culloden in 1746 and culminating six years later in the so called Appin Murder provided Robert

Louis Stevenson with the plot of his enduringly popular novel *Kidnapped*. But truth can be every bit as dramatic as fiction. And never more so than in this account of what lay behind the killing of government officer Colin Campbell by a hidden gunman on a May afternoon in 1752. Campbell was on his way to evict rebels from the Ardshiel estate near Appin, and Britain's rulers saw in his murder a terrorist act committed by Jacobite survivors of Culloden. When the alleged killer evaded a Scotland-wide manhunt and escaped abroad, politicians insisted someone had to pay for Campbell's death. The sacrificial lamb was James Stewart, a Culloden veteran who had been organising resistance to Campbell's evictions. James was found guilty in the show trial that followed and was hanged close to the murder scene. His body was left suspended there for years as a grim warning to anyone else thinking of challenging the new order the British state had imposed on the Jacobite Highlands.

The Poor Had No Lawyers Andy Wightman, 2011-08-01 In this updated edition of his utterly magnificent social history, the Scottish parliamentarian examines the privatization of Scotland's common land. *Sunday Herald UK*. As an author, activist and politician, Andy Wightman has made a career of fighting for Scottish land reform. In this provocative and influential book, Wightman offers a revealing analysis of how and why landowners got their hands on the millions of acres that were once held in common. He also tells the untold story of how the Scottish legal and political establishment appropriated land through legal fixes. Throughout, Wightman poses some provocative questions: Have attempts to redistribute power made any difference? What are the implications of the debt-fueled housing bubble? The Smith Commission and the new Scottish Government's proposals on land reform: Can we get our common good land back? For all those with an interest in urban and rural land in Scotland, this edition of *The Poor Had No Lawyers*, updated with new statistics, provides a fascinating analysis of one of the most important political questions in Scotland.

Reimagining Culture Sharon Macdonald, 2020-05-15 Since the 1960s, policies to revive minority cultures and languages have flourished. But what does it mean to have a cultural identity? And are minorities as deeply attached to their languages and traditions as revival policies suppose? This book is a sophisticated analysis of responses to the Gaelic renaissance in a Scottish Hebridean community. Its description of everyday conceptions of belonging and interpretations of cultural policy takes us into the world of Gaelic playgroups, crofting, local history, religion and community development. Historically and theoretically informed, this book challenges many of the ways in which we conventionally think about ethnic and national identity. This accessible and engaging account of life in this remote region of Europe provides an original and timely contribution to questions of considerable currency in a broad range of social science disciplines.

Immerse yourself in heartwarming tales of love and emotion with is touching creation, Experience Loveis Journey in **The Claim Of Crofting The Scottish Highlands And** .
