In each chapter, newly selected primary source readings provide students with the latest in education-related scholarship and integrates the intellectual foundations of education throughout each chapter, offering scholarly and current content in a student-friendly format. Features and updates include:

- In a new, thoroughly revised and up-to-date but also much more compact version, the third edition of the popular Teach textbook for basic courses in a teacher education program invites aspiring teachers and the simply curious to ponder many of the most essential questions of what a career in teaching might look like in the next decades of the 21st century.
- Up-to-date coverage of new legislation and school policies that impact teachers, including debates about discussions on race and Critical Race Theory, sexuality, and the importance of LGBTQ history and current rights that influence curricula, school policies, and teachers' free speech rights, with particular emphasis on the declining role of the Common Core State Standards.
- A completely rewritten Chapter 8 offers an up-to-the-minute overview of how technology can help improve and challenge teachers and teaching.
- Features such as Teachable Moment and Notes from the Field encourage readers through a variety of prompts and exercises to reflect on their own educational experiences and goals and challenge prospective teachers to imagine themselves in similar situations.
- Short chapters and digestible sections provide an approach and format to reach students without compromising on high-quality content.
- The concluding chapter explores the question: Where do I go from here to help prospective teachers develop a plan for their career and design a personal philosophy to guide them?

Teach presents an overview of the field in a way sure to keep students reading and gives those with questions about teaching the tools and information they need to continue a rich dialogue about their possible careers.

The Culture of Autobiography Robert Folkenflik, 1993. A Gramscian Analysis of the Role of Religion in Politics Rupe Simms, 2010. This study employs Gramscian theory as an interpretive grid in examining the use of Christianity by European colonizers to facilitate their oppression of Africans on the continent and in diaspora. The work clarifies how the western powers utilized their religion to justify their exploitation of Blacks and how many Africans as Christian converts assisted them to accomplish their imperialist goals. In addition, this research explains how other Blacks interpreted their own religious tradition or revised western Christianity to form liberatory ideologies that legitimated their struggle for freedom.
