The background of the cover features a series of vibrant, multi-colored lines (including shades of blue, green, yellow, and orange) that flow and curve across a dark, almost black, background. These lines create a sense of movement and depth, resembling a stylized representation of human connections or data flow. A solid teal horizontal bar runs across the top of the cover, serving as a backdrop for the title and author's name.

Globalization Economy and Society Jagdish Chander Mehta, 2014-01-01. Societies all over the world are experiencing the globalization of more and more aspects of life but accompanied by the contradictions of growing inequality within and between countries. The debate on merits of globalization continues with one side arguing that it raises living standards and the others that it worsens poverty and inequality. Certainly economic globalization has led to increased wealth for many in some countries. But it also led to shattering economic crisis, collapse in standard of living, widespread societal and ethnic conflicts, social disintegration, and greatly increased insecurity for disproportionately large part of the world population. Indian Society is not an exception. Under the impact of Globalisation, our Indian society is facing a complex pattern of contradictory change. The social, political, and cultural life is diversely influenced by it. Even our ecology is getting influenced by the pressure of globalization process. There is no uniform consensus among the scholars about the impact of globalization on Indian society. This book analyses the trends towards globalization and focuses on the issues of education, culture, and sustainability as influenced by the process of globalization. This book covers the articles and research papers written by the scholars on the issues of socio-economic concerns and sustainability in India that have affected due to Liberalisation and Globalisation.
