world's largest democracy often repeats that Jammu and Kashmir its only Muslim majority state is an integral part of India. The region which is disputed between India and Pakistan and is considered the world's most militarized zone has been occupied by India for over seventy five years. In this book Hafsa Kanjwal interrogates how Kashmir was made integral to India through a study of the decade long rule 1953-1963 of Bakshi Ghulam Mohammad the second Prime Minister of the State of Jammu and Kashmir. Drawing upon a wide array of bureaucratic documents, propaganda materials, memoirs, literary sources and oral interviews in English, Urdu and Kashmiri, Kanjwal examines the intentions, tensions and unintended consequences of Bakshi's state building policies in the context of India's colonial occupation. She reveals how the Kashmir government tailored its policies to integrate Kashmir's Muslims while also showing how these policies were marked by inter religious tension, corruption and political repression. Challenging the binaries of colonial and postcolonial, Kanjwal historicizes India's occupation of Kashmir through processes of emotional integration, development, normalization and empowerment to highlight the new hierarchies of power and domination that emerged in the aftermath of decolonization. In doing so she urges us to question triumphalist narratives of India's state formation as well as the sovereignty claims of the modern nation state.
