The Anglophone Question and Postcolonial Hegemony in Cameroon Lyombe Eko, 2025-01-15 The Anglophone Question Postcolonial Hegemony in Cameroon The Past that Did Not Pass is a comprehensive collection of essays and analyses that explore the historical colonial postcolonial legal and international relations aspects of the politico cultural and linguistic crisis between the English speaking former British Southern Cameroons now divided into the Northwest and Southwest regions and the French speaking majority of the former French Cameroon la R publique du Cameroun This conflict has shaken Cameroon to its core since the 1990s and led to an armed conflict between the government of Cameroon and Anglophone non state armed groups The premise of this book is that the Anglophone Question the problematic situation of the muted English and Pidgin speaking minority in French Cameroon is one of the unfinished items of business of World War I and the Treaty of Versailles of 1919 that resolved the conflicts of that great conflict The Anglophone conflict has been exacerbated by the authoritarian republican chieftaincy that was installed in Cameroon after independence and reunification This neo patrimonial kleptocratic regime of Cameroon has with the support of its international partners emphasized the argument of force rather than the force of argument thereby creating yet another frozen African conflict The Anglophone Question cannot vanish by some political maneuver as Cameroon's senile nonagenarian president has done over the decades with his ossified knee excruciatingly painful on the nation's neck That is my takeaway after reading this insightful well argued exhaustively researched highly intellectualized yet practical compendium of chapters that bear an unapologetic witness to the horrific Anglophone Problem I celebrate the authors fearlessness articulation and lucid presentation as the establishment continues to seal its ears with candle wax I'll reverse President Paul Biya's mantra and say Rule 1 There is an Anglophone Problem Rule 2 When in doubt consult Rule 1 Uche Onyebadi PhD Texas Christian University Texas USA [The Cameroon GCE Crisis: A Test of Anglophone Solidarity](#) B Nyamnhoh, Fonteh Akum, 2008-03-15 This book richly documents the battles fought by the Anglophone community in Cameroon to safeguard the General Certificate of Education GCE a symbol of their cherished colonial heritage from Britain from attempts by agents of the Ministry of National Education to subvert it These battles opposed a mobilised and determined Anglophone civil society against numerous machinations by successive Francophone dominated governments to destroy their much prided educational system in the name of national integration When Southern Cameroonians reunited with La R publique du Cameroun in 1961 they claimed that they were bringing into the union a fine education system from which their Francophone compatriots could borrow Instead they found themselves battling for decades to save their way of life Central to their concerns and survival as a community is an urgent need for cultural recognition and representation of which an educational system free of corruption and trivialisation through politicisation is a key component *Handbook of Research on Perspectives in Foreign Language Assessment* Köksal, Dinçay, Kavaklı Ulutaş, Nurdan, Arslan, Sezen, 2023-02-27 As a predominant teaching paradigm foreign language learning has

increasingly been one of the crucial elements that leads to career accomplishments for students Due to this foreign language assessment has emerged as a major topic in the field of foreign language learning The Handbook of Research on Perspectives in Foreign Language Assessment examines perspectives on language assessment through reflections on classroom applications and makes recommendations to strengthen quality language assessments by drawing on a variety of research methodologies It also provides a foundation as to why foreign language assessment as a discipline should be refocused with caution what sort of theoretical and practical implications should be in place for foreign language teachers and in what ways it may be possible to provide futuristic perspectives on foreign language assessment for test developers and users involved in language assessment Covering key topics such as testing literacy and language teaching this major reference work is ideal for industry professionals policymakers administrators researchers academicians scholars practitioners instructors preservice teachers teacher educators librarians and students **The Cameroon G.C.E. Africa's Political Wastelands: The Bastardization of Cameroon Emmanuel Fru Doh,2008 Africa s Political Wastelands explores and confirms the fact that because of irresponsible corrupt selfish and unpatriotic kleptocrats parading as leaders the ultimate breakdown of order has become the norm in African nations especially those south of the Sahara The result is the virtual annihilation of once thriving and proud nations along with the citizenry who are transformed into wretches vagrants and in the extreme refugees Doh uses Cameroon as an exemplary microcosm to make this point while still holding imperialist ambitions largely responsible for the status quo in Africa Ultimately in the hope of jumpstarting the process he makes pertinent suggestions on turning the tide on the continent *Africa's Political Wastelands: The Bastardization of Cameroon* Fru Doh,2008-09-15 Africa s Political Wastelands explores and confirms the fact that because of irresponsible corrupt selfish and unpatriotic kleptocrats parading as leaders the ultimate breakdown of order has become the norm in African nations especially those south of the Sahara The result is the virtual annihilation of once thriving and proud nations along with the citizenry who are transformed into wretches vagrants and in the extreme refugees Doh uses Cameroon as an exemplary microcosm to make this point while still holding imperialist ambitions largely responsible for the status quo in Africa Ultimately in the hope of jumpstarting the process he makes pertinent suggestions on turning the tide on the continent

Virtual Activism on Cameroon N. Endeley,2013-01-16 During the 1990s as the Internet in general and e mail in particular grew in popularity as a means of communication a number of Cameroonians residing in various parts of the world established a vibrant and lively electronic forum for the discussion of various issues related to their native land The forum known as Camnet demonstrated that Cameroonians living abroad could actively participate in the political economic and social processes taking place at home This ability to remain actively engaged in the development of ones nation through the Internet is what Endeley calls virtual activism Camnet thus distinguished itself as the first and most influential breeding ground for Cameroonian virtual activism Although Camnet appeared to be dominated by political discussions it was a truly

multi dimensional forum No topic was explicitly forbidden and on some occasions the participants conducted extensive debates on issues that had nothing to do with Cameroon or with politics In this publication however the author has chosen to present only a representative sample of his own contributions from the late 1990s with a direct bearing on Cameroons development Some of the contributions are in French and in order to reflect the bilingual nature of the debates that took place on Camnet these have not been translated into English The informed reader will be struck by the issues which were being debated over 15 years ago as well as by the fact that some of the predictions the author made in the 1990s are a reality today

Improving Learning in Secondary Schools

Kenneth Ndifor Tangie,2015-09-10 Improving Learning in Secondary Schools brings together in a succinct comprehensive and thought provoking manner several dimensions of classroom assessment feedback in one volume It is based on the principle that students need feedback on their work and conduct at school in order to be able to correct misconceptions and omissions that can render them incapable of making progress and learning in a given subject The book reports on a doctoral study that examined teachers feedback practice and its relation to student learning in secondary schools It presents a critical fine grained classification and analysis of positive neutral and negative feedback categories in teacher talk and writing which could generate a globally applicable typology and theory of classroom feedback For some time now formative assessment generated feedback has been widely recommended for classrooms thanks mainly to compelling research based evidence showing the relative merits of formative assessment types over more traditional summative assessment practices In this book it is suggested that the time has come to depart from such arguments because the mere presence of feedback in teacher talk and writing be it formative or summative is not enough to support learning Feedback like formal and informal instruction and assessment is not mediated in vacuo it is a social process taking place in a social setting conducted by on and for social actors One must also consider the context especially the linguistic and socio cultural environment in which assessment feedback and learning occur but which also acts as a barrier and facilitator to successful feedback provision and uptake This

argument should constitute a starting point for reflection debate and research into the effectiveness for learning of classroom assessment feedback Therefore whilst complementing previous work on this subject this book makes significant additions to a very important aspect of school life Primary and secondary school teachers university students academics and researchers as well as educationists and policy makers in the domain of educational assessment will find in it an inseparable companion and resource tool

Daily Graphic Elvis D. Aryeh,1997-01-21 [Routledge Handbook of Francophone Africa](#) Tony Chafer,Margaret A. Majumdar,2023-11-02 The Routledge Handbook of Francophone Africa brings together a multidisciplinary team of international experts to reflect on the history politics societies and cultures of French speaking parts of Africa Consisting of approximately 35% of Africa s territory Francophone Africa is a shifting concept with its roots in French and Belgian colonial rule This handbook develops and problematizes the term with thematic sections covering Colonial and post colonial ties between France and sub Saharan Africa Belgium Belgian colonialism and Africa The Maghreb African Francophones in France Francophone African literature and film Francophone and Anglophone Africa Beyond national boundaries and colonial partners The chapters demonstrate the evolution of Francophone Africa into a multi dimensional construct with both a material and an imagined reality Materially it defines a regional territorial space that coexists with other conceptualisations of African space and borders Conceptually Francophone Africa constitutes a shared linguistic and cultural space within which collective memories are shared not least through their connection to the French imperial imagination Overall the Handbook demonstrates that as global power structures and relations evolve African agency is increasingly assertive in shaping French African relations Bringing this important debate together into a single volume this Handbook will be an essential resource for students and scholars interested in Francophone Africa
