The Rise of the BRICS in Africa Pádraig Carmody, 2013-09-12 A little over a decade ago Africa was being spoken of in the media as the lost or hopeless continent Now it has some of the fastest growing economies in the world largely because of the impact of the BRICS Brazil Russia India China and South Africa In this first book to be written about the BRICS as a collective phenomenon P draig Carmody reveals how their engagements with Africa both individually and collectively are often contradictory generating new inequalities and potential for development Crucially Carmody shows how the geopolitics of the BRICS countries involvement in Africa is impacted by and impacts upon their international relations more generally and how the emergence of these economies has begun to alter the very nature of globalization which is no longer purely a Western led project This is a path breaking examination of Africa s changing role in the world

Secured Transactions Law Reform in Africa Marek Dubovec, Louise Gullifer, 2019-10-31 Over the last few decades many countries have reformed their secured transactions law One of the main reasons has been the clear link between reform and the availability of credit and the drive to improve access to finance particularly for micro small and medium sized enterprises This book focuses particularly on developing economies in Africa which have legal frameworks influenced by English French Belgian Roman Dutch and other laws Reform in this area of law across African countries has taken a number of forms which are explored and discussed in this book Secured Transactions Law Reform in Africa is a mixture of a critical description of the pre reform law and practice and the reform process itself It also includes a comparative analysis of the legal provisions and an examination of the early results of the reforms The book sets out a road

map for the future of secured transactions reform primarily in Africa but also in other countries that have undertaken or are contemplating similar reforms This book is the second in a series of books about Secured Transactions Law in countries around the world and its reform both on a national and an international scale The first book Secured Transactions Law Reform Principles Policies and Practice was published in 2016 **Zambia Decent Work Country Programme Z-DWCP 2007-2011** ,2010 Overcoming Challenges to Gender Equality in the Workplace Patricia M. Flynn,Kathryn Haynes, Maureen A. Kilgour, 2017-09-08 Many businesses and organizations are increasingly aware of the case for promoting gender equality both within and outside their organizational boundaries Evidence suggests that gender equality in the workplace boosts performance and legal frameworks in many countries mandate specific action on gender inequality in the workplace However despite organizational policies on promoting equality and equal opportunities there remain challenges to be overcome in many businesses including throughout their supply chains The book provides research rationales as to why responsible organizations must address the issue of gender equality in the workplace It also presents case studies action research and examples of good practices describing how businesses and organizations are working to promote gender equality in various contexts The book is designed to support the rationale for gender equality in business and organizations providing evidence of implementation of gender equality in the workplace and advice on how to deal with and overcome challenges It will be of interest to academics employees practitioners policy makers businesses institutions and organizations
