Doreen Valiente An ABC Of Witchcraft Past And Present:

An ABC of Witchcraft Past and Present Doreen Valiente, 2018-01-31 This is the only book of its kind on witchcraft that has been written by a practising witch. It is intended to be not merely a history but a guide to the many strange byways of a vast and fascinating subject. Witchcraft is as old as the human race and it is actively practised today by people of all classes. To its devotees, witchcraft is more than spells and charms or even secret meetings and rituals; it is a philosophy and a way of life. It claims to be the oldest form of religion, that of nature worship and magic. Since the last Witchcraft Act was repealed in 1951, the revival of public interest in witchcraft has been the subject of continuous controversy. This book is a serious contribution to the study of a subject too long obscured by prejudice and sensationalism. *An ABC of Witchcraft Past & Present* Doreen Valiente, 1980

The Rebirth of Witchcraft Doreen Valiente, 2018-01-31 This classic work is now available for the first time in paperback. Since 1951, when the last of the Witchcraft Acts was repealed, many books have been written about the reappearance of witchcraft and the development of a pagan theology. Churchmen have denounced it. Sociologists have wondered at it. Journalists have penned sensational stories about it. But until the publication of this book, no one had told the real story of it from the inside as frankly as it is told here. Doreen Valiente, one of witchcraft's most widely known figures, was a close friend of the late Gerald Gardner, generally regarded as the founder of present-day witchcraft. Initiated by him and for a time High Priestess of his coven, Doreen Valiente helped him rewrite his seminal *Book of Shadows*. She records the break with Gardner that split his coven, the controversy surrounding Alex Sanders, King of the Witches, and memories of many other witches whom she has known, including the lady called Dafo, Robert Cochrane, Leslie Roberts, and Sybil Leek. Doreen Valiente took part in many witchcraft rituals and had strange psychic experiences as a result. Described here are the clairvoyant communications she received purporting to come from John Brakespeare, an eighteenth-century witch. *The Rebirth of Witchcraft* traces the lineage of the present-day witchcraft from its forerunners through to modern feminist neo-paganism and the new wave of interest in ecology and holistic medicine. *Essays on Women in Western Esotericism* Amy Hale, 2022-01-21

This book is the first collection to feature histories of women in Western Esotericism while also highlighting women's scholarship. In addition to providing a critical examination of important and under-researched figures in the history of Western Esotericism, these fifteen essays also contribute to current debates in the study of esotericism about the very nature of the field itself. The chapters are divided into four thematic sections that address current topics in the study of esotericism: race and othering, femininity, power and leadership, and embodiment. This collection not only adds important voices to the story of Western Esotericism, it hopes to change the way the story is told. **Aleister Crowley and Western Esotericism** Henrik Bogdan, Martin P. Starr, 2012-08-01

This volume is the first comprehensive examination of one of the twentieth century's most distinctive iconoclasts, Aleister Crowley (1875-1947). Born into a fundamentalist Christian family and educated at Cambridge, he was vilified as a traitor, drug addict, and debaucher, yet

revered as perhaps the most influential thinker in contemporary esotericism Moving beyond the influence of contemporary psychology and the modernist understanding of the occult Crowley declared himself the revelator of a new age of individualism Crowley's occult bricolage Magick was an eclectic combination of spiritual exercises drawn from Western European magical ceremonies and Indic sources for meditation and yoga This journey of self liberation culminated in harnessing sexual power as a magical discipline a sacralization of the self as practiced in Crowley's mixed masonic group the Ordo Templi Orientis The religion Crowley created Thelema legitimated his role as a charismatic revelator and herald of a new age of freedom Aleister Crowley's lasting influence can be seen in the counter culture movement of the late 1960s and early 1970s and in many forms of alternative spirituality and popular culture The essays in this volume offer crucial insight into Crowley's foundational role in the study of Western esotericism new religious movements and sexuality
