EBOOK: Principles and Practices of Marketing 10/e JOBBER AND ELLI, 2023-02-21 *EBOOK Principles and Practices of Marketing 10 e* **Community Engagement in the Online Space** Dennis, Michelle, Halbert, James, 2023-02-17 Since the advent of the internet, online communities have emerged as a way for users to share their common interests and connect with others with ease. As the possibilities of the online world grew and the COVID-19 pandemic raged across the world, many organizations recognized the utility in not only providing further services online but also in transitioning operations typically fulfilled in person to an online space. As society approaches a reality in which most community practices have moved to online spaces, it is essential that community leaders remain knowledgeable on the best practices in cultivating engagement. *Community Engagement in the Online Space* evaluates key issues and practices pertaining to community engagement in remote settings. It analyzes various community engagement efforts within remote education, online groups, and remote work. This book further reviews the best practices for community engagement and considerations for the optimization of these practices for effective virtual delivery to support emergency environmental challenges such as pandemic conditions. Covering topics such as community belonging, global health, virtual practicum, and social media engagement, this premier reference source is an excellent resource for program directors, faculty, and administrators of both K-12 and higher education students of higher education, business leaders and executives, IT professionals, online community moderators, librarians, researchers, and academicians. **Digital Business and Electronic Commerce** Bernd W. Wirtz, 2024-06-04 This textbook introduces readers to digital business from a management standpoint. It provides an overview of the foundations of digital business with basics, activities, and success factors, and an analytical view on user behavior. Dedicated chapters on mobile and social media present fundamental aspects, discuss applications, and address key success factors. The Internet of Things (IoT) is subsequently introduced in the context of big data, cloud computing, and connecting technologies, with a focus on industry 4.0 and the industrial metaverse. In addition, areas such as smart business services, smart homes, and digital consumer applications, as well as artificial intelligence, quantum computing, and automation based on artificial intelligence, will be analysed. The book then turns to digital business models in the B2C business to consumer and B2B business to business sectors. Building on the business model concepts, the book addresses digital business strategy, discussing the strategic digital business environment and digital business value activity systems (dVASs) as well as strategy development in the context of digital business. Special
