

Dowsing For Unmarked Graves

Wayne Pyne

Dowsing For Unmarked Graves:

The Science of Basic L-Rod Dowsing Richard Warburton, 2025-02-07 Dowsing has been a known practice for at least 500 years with some evidence suggesting it may have been used for millennia. Historically, dowsers used a forked Y shaped stick following the movement toward the presence of water, minerals, or other objects located beneath the ground. Today, the most common tool used is a wire bent into the shape of an L, leading to the term L rod dowsing. Only a few of dowsing's many forms appear to have a clear physical basis such that some physical phenomenon in the environment causes a physiological response in the body. Despite the many studies performed in the past, none have resulted in a comprehensive testable explanation for how dowsing works. This book reviews and critiques some of the common explanations for L rod field dowsing, describes an investigation into various aspects of L rod dowsing, and proposes a mechanism which explains the physical observations. Building on the prior scientific studies, it presents a theory based on well known scientific principles for the physical component of dowsing.

The Psychology and Science of Pseudoscience Terence Hines, 2025-03-18 This book provides a comprehensive review of numerous areas of pseudoscience and related pathological science. It not only describes the factual bases for rejecting pseudoscientific claims but also emphasizes the psychological processes that lead to the acceptance of such claims. This book is timely given the increase in misinformation over the past decade. Using three principles of cognitive psychology, this book helps explain why people are hard wired to accept and continue to believe in pseudoscientific claims. It provides up to date discussions of numerous paranormal and pseudoscientific topics including the usual suspects: UFOs and alien abductions, astrology, cryptozoology, and more, but also belief in conspiracy theories, laboratory parapsychology, bogus forensic science techniques, the pseudopsychologies of Freud, medical fraud, and the unethical practices of Big Pharma. Older research that was foundational in the critical examination of several topics is woven throughout to situate them in a historical context.

Dowsing for Ghosts & Graves Sherri Brake, 2025-08-26 Find water, Ley Lines, lost items, Ghosts, unmarked graves, and more. Dowsing for Ghosts & Graves is a comprehensive exploration of the centuries old practice of dowsing as it blends history and the paranormal. Drawing from over four decades of field experience, author and paranormal researcher Sherri Brake presents a detailed study of the tools, techniques, and theories behind locating water, graves, lost items, and energy anomalies using dowsing rods and pendulums. Can you dowse? 80% of people can. This book combines historical documentation, firsthand accounts, and practical instruction to offer both scholarly insight and experiential guidance. Brake examines the cultural and folkloric roots of dowsing while addressing its controversial standing in modern scientific discourse. The book includes chapters covering how to talk to spirits, map dowsing, ley lines, animal dowsing, grave detection, and pendulum programming, and more. With field reports from across the United States ranging from forgotten Appalachian burial sites to abandoned frontier graveyards, this book not only documents compelling case studies but also raises thoughtful questions about memory, energy, and the lingering presence of the dead. Dowsing for Ghosts

Graves is an invaluable resource for historians paranormal investigators intuitive practitioners and anyone seeking to explore the forgotten corners of the landscape and the human stories hidden there Grab a set of rods and a pendulum and come along on the journey Over 100 images 271 pages A Grave Calling Wendy Roberts,2017-06-05 In this paranormal mystery series opener a young woman with a gift for finding corpses helps an FBI agent investigate a serial killer There had been no attempt to bury the dead girl naked except for the white ribbon tied to her wrist Twenty five year old Julie Hall has a unique ability when she takes up a dowsing rod she finds not water but bodies To Julie it s a curse not a gift and one she rarely uses she prefers her quiet life in a trailer with her grandfather and her dog for company But when FBI agent Garrett Pierce shows up at her door seeking help with a case she has no choice but to assist with their search Three girls are still missing The killer is still out there As bodies are discovered and more girls disappear the case becomes almost more than Julie can bear And when the killer turns his sights toward her even her growing relationship with the protective Agent Garrett may not be enough to save her Praise for A Grave Calling Readers who pat themselves on the back for being able to anticipate twists may find themselves one upped here Roberts imbues Hall with a likable pluck and grit She has a deft witty touch There is genuine suspense as the danger hits close to home and Hall and Pierce make for an arresting team Readers of this taut mystery don t need dowsing rods to detect series potential Kirkus Review **The Tabernacle** Jeff Clark,2018-01-22 The Tabernacle By Jeff Clark The Tabernacle follows the sweeping 13 000 year history of two central Texas farm communities Alameda and Cheaney Searching along winding wooded trails uncovering hidden homesteads miles from the nearest road and listening at last to the words of teachers four decades his senior author Jeff Clark begins to hear the tale of timeless lands and the lessons as it finally breaks open in his own life This sprawling epic is full of firsthand testimony about the harsh settlement of the Texas frontier as well as surprising glimpses into his storytellers twenty first century lives The Tabernacle will move you deeply as it has moved within the lives of many generations encamped along the shores of the Leon River
