How to Attract Wealth, Health, Love, and Luck Into Your Life Immediately Aiman AL-Maimani, 2006 When we project the idea on the positive plane of the world we create a positive energy with a certain frequency and release it to the universe to propagate and eventually it will reflect back a positive energy of an equal amount and same frequency We will have a positive sequence of thoughts actions and then finally destinations When we hold the negative energy and choose not to release it then it will transform into positive energy This will create a positive attitude and character of us However the opposite is exactly true When we choose to project and interpret an idea on the negative plane of the world we create a negative energy to the universe and certainly the reflection will be from the same nature on the quantity and frequency We will be dragged into negative actions and then it means that we have chosen undesirable destination Furthermore the matter will amplify more according to the law of attraction as positive energies and reflections will attract more and more and you will have a whole lot of positive results On the contrary if we decide to have a negative way of thinking then it means we have chosen to receive more and more negative results and bad outcomes *Certainly Rich and Glad* Ustadz Miftah

Cool, 2021-06-04 Have you ever thought when you throw hot water on the ground then the ants and insects get hit and die when you sweep the house the insects are messy getting thrown around and bobbing around When you walk or run to sleep without you knowing you are stepping on or on them If you think about how happy your life really is compared to those animals They never protest they sincerely live their life according to the scenario of God who has made them So be happy
