Randall, 2024-09-17 Thrilling With deep research and suspenseful storytelling Mr Randall reminds us that America's pre eminence in the aviation industry was never assured and that it took a race of unlikely heroes to bring the dream of world flight to the public imagination Wall Street Journal David K Randall has conjured the first air race to circumnavigate the globe in all its death defying glory featuring a cast of unlikely heroes who had the right stuff before anyone knew what that was Mitchell Zuckoff New York Times bestselling author of *Lost in Shangri La* and *13 Hours* Thrilling reading an account filled with unexpected layers of intrigue Recommend *Into Unknown Skies* to Erik Larson fans Booklist The unbelievable history of the 1924 race to circumnavigate the globe for the first time by air a nail biting contest that pitted underdog US pilots against their better funded European rivals created technology that changed aviation and convinced America that its future was in the sky In the early 1920s America's faith in aviation was in shambles Twenty years after the Wright Brothers first flight most Americans believed airplanes were for delivering the mail or performing daredevil stunts in front of crowds The dream of commercial air travel remained just that Even the American military was a skeptic rather than

pay to bring its planes back from Europe following World War I the War Department chose to burn most of them instead All that changed with a single race in 1924 It was not just any race though it was a race to become the first to circle the globe in an airplane pitting a team of underdog American pilots against the best aviators in the world from England Italy Portugal France and Argentina Rooted in the same daring spirit that pushed early twentieth century explorers to attempt crossings of the Antarctic ice or locate the source of the Nile this race was an adventure unlike anything the world had seen before The obstacles were daunting from experimental planes to dangerous landings in uncharted territory to the simple navigational gauges that could lead pilots hundreds of miles off course Failure seemed all but guaranteed the suspense less about who would win than how many would perish for the honor of being the first Now on the race s centennial award winning author David K Randall tells the story of this riveting long forgotten race Through larger than life characters treacherous landings disease and ultimately triumph Into Unknown Skies demonstrates how one race returned America to aviation greatness A story of underdog teammates bold exploration and American ingenuity Into Unknown Skies is an untold adventure tale showing the power of flight to bring the world together **Holstein-Friesian Herd-book** Holstein-Friesian Association of America,1927 **The New York Dramatic Mirror** ,1909 **The Academy** ,1908 **Fourth Estate** ,1905 Academy and Literature Charles Edward Cutts Birch Appleton,Charles Edward Doble,James Sutherland Cotton,Charles Lewis Hind,William Teignmouth Shore,Alfred Bruce Douglas,Ellis Ashmead-Bartlett,Thomas William Hodgson Crosland,1908
