Code Of The Suburb Inside The World Of Young Middle Class Drug Dealers Fieldwork Encounters And Discoveries:

Code of the Suburb Scott Jacques, Richard Wright, 2015-05-08 This ethnography of teenage suburban drug dealers provides a fascinating and powerful counterpoint to the devastation of the drug war Alice Goffman author of *On the Run* When we think about young people dealing drugs we tend to picture it happening in disadvantaged crime ridden urban neighborhoods But drugs are used everywhere And teenage users in the suburbs tend to buy drugs from their peers dealers who have their own culture and code distinct from their urban counterparts In *Code of the Suburb* Scott Jacques and Richard Wright offer a fascinating ethnography of the culture of suburban drug dealers Drawing on fieldwork among teens in a wealthy suburb of Atlanta they carefully parse the complicated code that governs relationships among buyers sellers police and other suburbanites That code differs from the one followed by urban drug dealers in one crucial respect whereas urban drug dealers see violent vengeance as crucial to status and security the opposite is true for their suburban counterparts As Jacques and Wright show suburban drug dealers accord status to deliberate avoidance of conflict which helps keep their drug markets more peaceful and consequently less likely to be noticed by law enforcement

Dorm Room Dealers A. Rafik Mohamed, Erik D. Fritsvold, 2010 The authors provide insight into the world of college drug dealers affluent upwardly mobile students who have everything to lose and little to gain and offer an important corrective to the traditional distorted view of the US drug trade as primarily involving poor minorities Drawing on six years of fieldwork at a predominately white private university their ethnography explores issues of deviance race and stratification in the US war on drugs

Dealing Crack Bruce A. Jacobs, 2016-03-01 During the 1980s addiction to crack cocaine escalated at an alarming rate As the demand for crack grew so did the economic opportunities for entrepreneurial street dealers who developed criminal underground networks for the supply and retail sale of the high profit substance While crack cocaine use has since plateaued and is on the decline hard core dealers persist in selling the increasingly unprofitable drug in a high risk competitive street market Bruce A Jacobs bases his study on dangerous field research conducted in one of the most socially distressed and impoverished neighborhoods in St Louis Drawing on no holds barred interviews with active dealers as well as on his own eyewitness observations of transactions and encounters with police Jacobs captures the crack business as it actually operates on the streets He examines the underlying motivations for selling crack describes the complex and intricate social organization of dealing and explores how dealers protect transactions from law enforcement undercover police and criminal predators Quoting extensively from his conversations with offenders he conveys much of the fear and aura surrounding the process and lifestyle of crack cocaine dealing This provocative volume is appropriate for a variety of courses in criminal justice and social problems and gives general readers an inside look at one of America's most troubling problems

Dealing with Privilege David Crawford, 2019-06-25 *Dealing with Privilege* Cannabis Cocaine and the Economic Foundations of Suburban Drug

Getting Ghost, 2010 Bergmann chronicles the drug trading the risks and rewards and the demarcations between the city and suburbs even as he witnessed suburbanites come into the city to buy drugs Booklist Not just illustrative and emotive this pummeling immersive social text is grounded in street level reportage and seeded with wisdom Kirkus Reviews In prose that is equally eloquent and enlightening Luke Bergmann brings to the surface the lives of two young men living in a place that is regarded by too many people as a forgotten city Alford A Young Jr Arthur F Thurnau Professor and Associate Professor Sociology and Afroamerican and African Studies University of Michigan Luke Bergmann sometimes risks life and limb to bring us firsthand the lives of young people who mainstream media and academic research have ignored except for the occasional crime story or impersonal policy brief *Getting Ghost* is a journey worth taking It sets a new standard for documentary reportage Sudhir Venkatesh author of *Gang Leader for a Day* and *Off the Books* Postapocalyptic Detroit infamous for its abandoned buildings empty lots and blighted streets may be the only American city to have earned such an epithet As a teenager who frequently visited Detroit with his father Luke Bergmann saw the devastation caused by the collapse of the automobile industry Years later he returned to the city as an anthropologist to study the incarceration of inner city youth and his research connected him with two teenaged drug dealers Dude Freeman and Rodney Phelps For nearly three years Bergmann lived on the city's West Side hanging out with Dude and Rodney driving around hearing their stories

and dreams and witnessing the intricacies of Detroit's urban drug trade Bergmann is soon more than an observer as he intervenes with Dude's probation officer when he misses a hearing and becomes Rodney's only contact when he flees the city to escape criminal charges Through it all he strives to understand their lives their families and the neighborhoods they call home In an effort to break through the conventional wisdom about who sells drugs and why Bergmann chronicles the unsettling alchemy of choice force of habit structural inequality and political neglect that combine to restrict the horizons of too many young people in America's cities As Rodney and Dude spin through the revolving door of juvenile detention getting ghost becomes a rich metaphor for leaving a scene for quitting the trade and ultimately for mortality With stunning insight courage and even humor Getting Ghost illuminates complex inner lives that are too often diminished by empty stereotypes as it reveals the common yearnings in all of our American dreams Luke Bergmann is a research director at the Detroit Department of Health and Wellness Promotion and an adjunct faculty associate at the Institute for Social Research at the University of Michigan Cover photo Simon Wheatley Magnum Photos

No Way Out Waverly Duck, 2015-09-19 In 2005 Waverly Duck was called to a town he calls Bristol Hill to serve as an expert witness in the sentencing of drug dealer Jonathan Wilson Convicted as an accessory to the murder of a federal witness and that of a fellow drug dealer Jonathan faced the death penalty and Duck was there to provide evidence that the environment in which Jonathan had grown up mitigated the seriousness of his alleged crimes Duck's exploration led him to Jonathan's church his elementary middle and high schools the juvenile facility where he had previously been incarcerated his family and friends other drug dealers and residents who knew him or knew of him After extensive ethnographic observations Duck found himself seriously troubled and uncertain Are Jonathan and others like him a danger to society Or is it the converse is society a danger to them Duck's short stay in Bristol Hill quickly transformed into a long term study one that forms the core of No Way Out This landmark book challenges the common misconception of urban ghettos as chaotic places where drug dealing street crime and random violence make daily life dangerous for their residents Through close observations of daily life in these neighborhoods Duck shows how the prevailing social order ensures that residents can go about their lives in relative safety despite the risks that are embedded in living amid the drug trade In a neighborhood plagued by failing schools chronic unemployment punitive law enforcement and high rates of incarceration residents are knit together by long term ties of kinship and friendship and they base their actions on a profound sense of community fairness and accountability Duck presents powerful case studies of individuals whose difficulties flow not from their values or a lack thereof but rather from the multiple obstacles they encounter on a daily basis No Way Out explores how ordinary people make sense of their lives within severe constraints and how they choose among unrewarding prospects rather than freely acting upon their own values What emerges is an important and revelatory new perspective on the culture of the urban poor

Lessons of Redemption Kevin Shird,2016 Lessons of Redemption is no ordinary book It is an extraordinary account of how one young man turned his life around after years of involvement in serious crime and drug dealing Shird s book tells of shootings murder drug dealing and his life behind bars in a federal prison Shocking fascinating and frighthening Shird s book is a raw uncensored glimpse into a way of life that has destroyed many urban communities in America Back cover **The Road Back** Andrew "YIE" Roberts,2009-10 4 gang of teens spread throughout the State not known to each other consist of a Drug Dealing Gang A CarJacking Gang a Partying Gang of teens and a Gang of Caucasian teens that smoke angel dust drink beer and tear up Cemeteries 85% of each of these gangs get caught at committing crimes they commit including the leaders of each of these gangs They all find themselves in Court facing justified or unwarranted sentences But instead of sentencing them to jail their lawyers the prosecutors and the Judges agree to an alternative sentence and stipulates them to participate in a 18 month program called The Road Back They all have to follow strict rules and regulations They all have to maintain schooling employment and submit to random drug testing But through it all they maintain their agreement and continue on struggling to succeed in a world designed against them **Closet Full of Coke** Indra Sena,2012-05-11 A Glimpse Inside a Hidden World Narrated by the teenage girl who lived it Closet Full of Coke tells the true story of how a New York suburban fifteen year old girl s savvy and wit helps turn the small time drug business of Armando a Colombian drug dealer into a multi million dollar cocaine operation that puts them on the DEA s Wanted List This intimate diary gives readers a fast paced

glimpse of the couple's speedy rise to riches and their inevitable descent. These wannabe drug lords of the 1980s New York to Florida drug scene end their story only three years later with an untimely death, betrayal, and revenge. Here is a true account of drug dealers whose obsession with money, power, sex, and glamor drives them to a lifestyle of deceit and recklessness ending in tragedies that destroy lives forever. This is no ordinary memoir; this is *Memoir Noir*. From the Author: I wanted the foolish girl I once was to tell her story without interruption. The result is a diary written like a novel. There is no reflection or analysis. There is a salacious story full of colorful characters and dialog told by the teenager who lived it. Drug dealers have an interesting ethos unknown to outsiders. They live by elaborate rules and codes and use intricate methodology to conduct business. They are far more organized than people imagine and they see themselves as business people and entrepreneurs. Serious dealers who want success don't use drugs and they deal to other dealers, not to users. I compare my book to Film Noir. According to filmsite.org, the primary moods of classic film noir include melancholy, alienation, disillusionment, disenchantment, moral corruption, evil, guilt, desperation, and paranoia. These moods are prominent in my book. Readers have called it haunting, a car wreck you can't look away from, a roller coaster ride, and Alice in Wonderland meets Scarface. So if you like the edge of your seat, hold on tight and listen to my story. **FREE** Read the first eight chapters for free on the Closet Full of Coke website. *L3 Publications Presents Robert Venable, 2020-03-26* Left on the doorstep as a child on one of Philly's most notorious drug dealers, Khalil becomes a product of his environment.
