and affirming for you **Santería** Mary Ann Clark, 2007-03-30 Santería also known as Yoruba Lukumi or Orisha was originally brought to the Americas from Africa by enslaved peoples destined for the Caribbean and South America. By the late 1980s it was estimated that more than 70 million African and American people participated in or were familiar with the various forms of Santería including traditional religions in Africa Vodun in Haiti Candomblé in Brazil Shango religion in Trinidad Santería in Cuba and of course variants of all of these in the U S. Today there are practitioners around the world including Europe and Asia. Because of the secretive nature of the religion it has been difficult to get accurate and objective information but here Clark introduces readers to the religion explores the basic elements including the Orisha and answers the many questions Santería arouses in observers and practitioners alike. Santería was brought to the United States in two principle waves one in the early 1960s after the Cuban Revolution and later by the Marielitos who escaped from the island in the 1980s. Since then it has spread to the larger Hispanic community to the African American community and to other segments of society as well. Today practitioners can be found in every state and interest in Orisha and related traditions has gained popularity. As the number of practitioners has grown so has public awareness. In this compelling introduction Clark answers such questions as where did this religion come from? What do practitioners believe? Is it a cult? What takes place at a ritual event? How does it view death and the afterlife? Is there ritual sacrifice? Clark a practitioner as well as a scholar of the faith dispels the myths that surround this religious practice and brings readers to a better understanding of this growing faith in America.

Jacobs, Andrew J. Kaslow, 2001

The New Orleans Spiritual churches constitute a distinctive African American belief system. Influenced by Catholicism Pentecostalism Spiritualism and Voodoo the group is a New World syncretic faith similar to Espiritismo Santería and Umbanda. The Spiritual Churches of New Orleans combines a historical account of the emergence of this religion with careful ethnographic description of current congregations. At the same time text and photographs eloquently convey the ecstasy at the heart of the Spiritual experience. The Spiritual churches began in the 1920s as a women's movement. Men later assumed leadership in an effort to legitimate the group within the New Orleans religious community and form associations with Spiritual churches elsewhere in the United States. Unlike earlier researchers who treated practices in the churches as expressions of black folk traditions the authors see

Spiritual ritual not as based on magic but as the way the sacred is acted out within an African American aesthetic During worship members may be filled by the Holy Spirit as in Pentecostal churches or entertain spirits or spirit guides as in Spiritualism or Voodoo Prophecy and healing are presented as the markers of this faith and the Native American figure Black Hawk as a major symbol of empowerment Based on extensive interviews with church members years of participant observation and careful research in documentary sources this book achieves rigorous conceptual clarity in a straightforward engaging style The Authors Claude F Jacobs holds a Ph D in anthropology from Tulane University He teaches at Oakland University Andrew J Kaslow holds a Ph D in anthropology from Columbia University He is a consultant to international organizations *Women and Missions* Lucia P.
